

Director Infrastructure Services

Tom Price, Shire of Ashburton

Salary range \$180,000 - \$200,000

shire of Ashburton

The Shire of Ashburton is looking to appoint an innovative individual for a strategic leadership role in its Infrastructure Directorate.

Executive Summary

- Achieve Council and community strategic direction and objectives
- High level strategic thinking and delivery
- Deliver an ambitious capital works program and budget
- Provide detailed strategic advice to the CEO and Executive Leadership Team

The Shire in the Pilbara Region of Western Australia, covers a land mass approximately half the size of Victoria. There are four towns that the Shire provides services to, those of Onslow, Tom Price, Paraburdoo and Pannawonica.

As Director Infrastructure Services, you will provide technical advice and strategic and people leadership in the delivery of community-driven infrastructure projects and services.

Reporting to the CEO, the Director Infrastructure Services will play a key role in the executive leadership team, guiding and implementing the strategic direction for the organisation.

Our ideal candidate will lead a multidisciplinary team and bring a planned and structured approach to the management of the Shire's Infrastructure Directorate including engineering operations, road and town maintenance, asset management, project delivery and waste management.

You will be a seasoned professional, having worked at Executive level, providing strategic advice at Executive level within Local Government in Australia, holding a relevant degree (ideally Civil Engineering) with substantial project and people management experience.

Essential Criteria

- Tertiary qualifications and/or significant relevant senior management experience in a field relating to the programs and services of the Directorate
- Advanced project management skills
- Extensive experience in liaising with and reporting to various clients, members of the public, Board, Council and/or Minister to identify, interpret and advise on key issues relating to the Directorates programs and services.
- Proven experience in successful project management of high value major projects.
- Well-developed knowledge of financial management/planning principles and performance measures relating to the Directorates program and services.
