I've been on the Ashburton Shire Council for five years.

I have been on Koordarrie Station since 2010. I was born in the Pilbara and have lived in this shire district moving to Yanrey in 2006.

I've a passion for the Pilbara and would be proud to continue to serve the community as your councillor in the newly combined Ashburton -Tablelands ward.

The importance of the work that the Shire does in the towns serves ratepayers well. As ratepayers of in this community we should all be very proud of our communities' towns. The shire also does important work looking after the vital road connections we share from communities and stations to our towns.

I will continue to be a voice for the maintenance and upgrades of our rural road and infrastructure network. I look forward to working with the other councillors to achieve our common goals to advance our spectacular shire be they town-based projects or those that target the rural community's needs.
