I'm Tina Mladenovic and have served on Council since 2021.

Being a mum of three sons, aged 11, 12 and 14 as well as the General Manager of Nintirri Early Learning Centre, I am passionate about what the community can provide our children both now and into the future.

Our families and local businesses deserve the same opportunities as our larger Pilbara towns, keeping people in Tom Price rather than seeking opportunities elsewhere.

I will have a focus on new sporting infrastructure including the development of Minna Oval and investing in current sporting facility upgrades. I will advocate for our small businesses and the challenges they face with lack of affordable housing, retail and commercial spaces

I understand the importance of a strong and vibrant community, which is why I will continue to work tirelessly to address concerns and bring to council initiatives that enhance the quality of life for the families in Tom Price. Investing in today for a thriving tomorrow.

Tina Mladenovic

I have served on Council since 2021.

Being a mum of three sons, aged 11, 12 and 14 as well as the General Manager of Nintirri Early Learning Centre, I am passionate about what the community can provide our children both now and into the future.

I am passionate about our families and local businesses having the same opportunities as our larger Pilbara towns, keeping people in Tom Price rather than seeking opportunities elsewhere.

In a community predominantly reliant on mining I am passionate about expanding opportunities in Tourism and Economic Development, offering a diverse and prosperous future for Tom Price.

We can not overlook the significance of small businesses in driving the local economy beyond mining and the challenges our small business face without affordable housing, retail and commercial spaces. As a Councilor and member of the Economic and Tourism Development Committee, I will continue to seek opportunities and advocate for small business owners in Tom Price.

I will focus on new sporting infrastructure, including the development of Minna Oval , pool heating and investing in current sporting facility upgrades in Tom Price. Ultimately benefiting individuals and the community as a whole.

Like many of you, my family and I have built a life in Tom Price, and I believe that providing opportunities for our children is what keeps families here. I also support the continued lobbying of the State Government in coming forward to release a plan regarding the election promise of a new hospital in Tom Price, supporting families of Tom Price to have better access to health care.

As your Shire Councilor, I understand the importance of a strong and vibrant community, which is why I will continue to work tirelessly to address concerns and bring to council initiatives that enhance the quality of life for the families in Tom Price. Investing in today for a thriving tomorrow.

Together we can build a prosperous and inclusive community beyond mining.
