

Candidate Details

Ballot paper name	WHITE, Kerry
Candidate name	Kerry WHITE
District	Shire of Ashburton
Nominating for	President for Shire of Ashburton
Election type	Ordinary
Enrolment status	WHITE, Kerry is eligible to stand for election as a resident of the Shire of Ashburton.

I have been the Shire President for the past twelve years, and have lived in Onslow for 29 years. I have secured funding and partnerships with Chevron, Rio Tinto, and BHP to deliver vital infrastructure for all our towns. I am not aligned with any resource companies or political parties. I have the ability to work with them all to achieve the best outcomes for all our towns. My focus is on new infrastructure projects so all clubs have up-to-date competition standard facilities equally in our four towns. I acknowledge the constraints facing small businesses due to the lack of land, premises, and staff housing and I will continue to advocate to government and industry to overcome the shortages. I will continue to lobby government to come forward and release a plan regarding the new hospitals in Tom Price and Paraburdoo that were election promises over ten years ago. If elected again I will continue to listen to residents' concerns and support volunteers to the best of my ability.

It is with a deep sense of responsibility that I am putting forward my nomination for the position of councillor for the Onslow ward and to be re-elected as Shire President of Ashburton. I stand before you as a dedicated member of this community, driven by a strong, solid commitment to the continued well-being and progress of the whole shire.

My name is Kerry White, and I am privileged to seek the opportunity to represent your aspirations, and visions for this Pilbara region. As a long-time resident, I've been involved in a range of community initiatives, events, and partnerships that have given me an intimate understanding of the issues we face and the great opportunities that lie within our shire. I have worked on projects and partnerships that demand attention to detail, collaboration with diverse stakeholders, and innovative thinking. This experience positioned me to address critical issues such as planning, infrastructure development, and land use.

I am proud that the Shire has delivered millions of dollars of capital projects over the last ten years. New Daycare Centres in Tom Price, Paraburdoo, and Onslow; Skate Parks in all towns; Emergency Service Building in Tom Price, Clem Thompson Pavilion, Paraburdoo Fitness and Lifestyle Centre, new upgrades to the tennis courts, netball and basketball courts in our three towns, bike and pump tracks in Tom Price and the same will be completed in Onslow and Paraburdoo. Pannawonica will receive \$2 million this year for their BMX track and a new playground. By investing in our youth, we can foster a new generation of engaged citizens who are proud to call the Shire of Ashburton home. With a focus on sustainability and collaborative decision-making, I am dedicated to representing your interests with unwavering commitment. New projects happening this year include the Sporting Club at Mina Oval, the Men's Shed in Onslow, and the heating of swimming pools in our towns.

Authorised by Kerry White.
