## THOMAS, Lorraine

I was appointed to Tablelands Ward for Shire of Ashburton in May 1995. and gained a great deal in the role, and since undergone extensive training in tourism, local and regional government history and heritage museums and conservation and much more.

I have a great knowledge of this country having lived here since 1984 and seen the changes of environment and tourism and political . I was Shire of Ashburton Councillor, a part of museum groups Pilbara Regional council ,and Historic group, and cemeteries etc, and am passionate about the state of the Pilbara and have always taken a great deal of care to be a part of what makes it beautiful and ensuring it stays that way for those who inherit this land.

I am older most certainly but also quick to grasp what opportunities may come my way, and would feel honoured to be considered once more.
