

## STRUCTURE PLAN REQUIREMENTS

### Residential Precinct

- The provisions of the Residential Design Codes of Western Australia (R-Codes) shall apply to residential development in this Precinct unless otherwise specified under a Local Planning Policy or Residential Design Guidelines.
- Development is to be in accordance with the density coding identified on the Structure Plan.
- Sites identified as grouped housing sites as part of any subsequent subdivision applications may be developed to a maximum density of R40 and the Shire may require the preparation of a Local Development Plan (LDP) to be prepared prior to the development of that site.
- No development or subdivision shall occur within the Waste Water Treatment Plant buffer until the buffer is removed or reduced.
- All use, subdivision and development shall be in accordance with relevant Structure Plan.
- In accordance with the EPA Guidance Statement No.3, for any subdivisions within the 500m of the Onslow Salt operations, notifications are to be placed on the certificate of title of each new subdivided lot to notify prospective purchasers of the potential noise impacts.
- In accordance with the EPA Guidance Statement No.3, for any new dwellings within 1km of the Onslow Salt operations, the facades of the buildings fronting or perpendicular to the Onslow Salt operations are to incorporate architectural treatments to minimise noise impacts.

### Watson Drive Precinct

- For the Watson Drive Precinct development standards are defined in Part A, section 4.1.2.1 of the Structure Plan report.

### Large Live Work Lot Precinct

- The development of the residential portion of the lot that faces a residential area in the Large Live-Work Lot Precinct shall be in accordance with the provisions of the Residential Design Codes of Western Australia (R-Codes) unless otherwise specified in this section.
- The development of the non-residential portion of the lot that faces non-residential areas in the Large Live-Work Lot Precinct shall be in accordance with the provisions of the Home Business Standards under the Shire of Ashburton Scheme in regards to employment, amenity, vehicles and car parking and servicing needs.
- Non-residential development in the Large Live-Work Lot Precinct shall be adequately landscaped and screened to maintain a lifestyle land use appearance as opposed to a commercial or industrial land use appearance.
- A Local Development Plan (LDP) shall be prepared identifying basic design requirements within this precinct, including building envelopes, types of land uses etc.

### Public Open Space and Drainage

- The size and location of public open space shall be in accordance with the Structure Plan.
- The design of public open space areas shall assist in the protection and enhancement of indigenous and european heritage sites (where applicable).
- The design of public open space areas shall ensure appropriate provision for stormwater drainage management.
- The landscaping of public open space areas shall be suitable for an arid climate having regard to minimising maintenance and water use whilst providing areas of highly aesthetic and functional amenity.
- The design of these areas shall maximise the provision of shading to enhance amenity and promote social capital and walkability.

### Education

- The development of the Education Precinct shall be in accordance with the meaning of an Education Establishment as defined under the Shire of Ashburton Local Planning Scheme.
- The external frontages of the Education Precinct shall be developed to a standard consistent with adjacent residential areas with regards to bulk and scale, streetscape, setbacks and landscaping.
- The architectural style of any proposed buildings within this precinct are to be reflective of the Onslow Vernacular.

### Area Subject to Further Investigation

- The provisions of the Residential Design Codes of WA (R-Codes) and Clause 4.1.1 of this report shall apply to areas suitable for residential development in this Precinct subject to approval of the Shire of Ashburton and WAPC
- For areas not suitable for development in this Precinct the provisions of the Public Open Space and Drainage Precinct shall apply including:
  - The design of public open space areas shall ensure the protection and enhancement of indigenous heritage sites.
  - The design of public open space areas shall ensure appropriate provision for stormwater drainage management.
  - The landscaping of public open space areas shall be suitable for an arid climate having regard to minimising maintenance and water use whilst providing areas of highly aesthetic and functional amenity.
- The area within the WWTP Buffer shall be subject to a Local Development Plan (LDP) being prepared to the satisfaction of the Shire, prior to any development.

### Land Use Permissibility

Land use permissibility shall generally be in accordance with the Land Use Permissibility Table, as shown in Part A of the Onslow Townsite Expansion Structure Plan report.

### Local Development Plans

A LDP may be required (by the developer, an owner of the land or the Shire) by Council prior to any subdivision and/or substantial development and used as the basis for the determination of all development applications to the Shire of Ashburton.

The LDP will enhance, elaborate and expand the details and provisions contained in this Part as well as supplement the provisions of the Scheme and the R-Codes. LDP's are required to address the following:

- building envelopes;
- setbacks;
- interfaces with public open space and drainage areas;
- distribution of land uses within a lot (Large Residential Lifestyle lots);
- vehicular access and parking;
- loading and unloading areas, storage yards and rubbish collection closures;
- the location, orientation and design of buildings and the space between buildings; and
- such other information considered relevant by the Shire of Ashburton. Variations to the provisions of the R-Codes other than density shall be allowed.

### CERTIFICATION OF STRUCTURE PLAN

It is hereby certified that the Structure Plan for Pt Lot 41, Lots 69, 70, 71, 72, 73, 74, 75, 76, 77, 78 and 80 on DP214441, Lots 85 and 105 and Pt Lot 86 on DP215492, Lot 129 on DP186891, Pt Lot 185, Lots 214, 215 and 216 on DP194560, Pt Lot 300 on DP67927, Pt Lot 301 on DP67928, Pt Lot 303 on DP49430, Lots 383 and 385 on DP205462, Lot 448 on DP169922, Pt Lot 571 on DP65685, Lot 590 on DP182847, Lot 591 on DP183434, Lot 647 on DP215185, Lots 974 and 975 on DP194493 and portions of the Watson Drive, Eagle Nest Road and Macedon Road Reserves was adopted by resolution of the Council of the Shire of Ashburton on:

.....  
and the Seal of the Municipality was pursuant to the Council's resolution hereto affixed in the presence of:

.....  
Chief Executive Officer, Shire of Ashburton  
And by resolution of the Western Australian Planning Commission  
On

.....  
Being an officer of the Commission duly authorised by the Commission pursuant to Section 16 of the Planning and Development Act 2005
