Hi, my name is Kieren and I've proudly called Tom Price home for nearly seven years.

Since the week I've arrived, I dived into volunteering and served on executive committees across several local clubs and groups. I'm committed to ensuring they remain strong, sustainable, and thriving into the future of our community.

As a parent of a child with a disability, I'm a passionate advocate for inclusion and fairness -breaking down barriers and building spaces and communities, where everyone feels welcome and supported.

I believe in empowering our youth through leadership, education, and entrepreneurial opportunities. Working hand in hand with local businesses, to build a brighter future.

Most importantly, I stand for accountability, transparency, and making sure the voice of Tom Price is always heard in Council. A vote for me is a vote for stronger, equitable and more inclusive communities.
