6. DECLARATION BY MEMBERS

6.1 DUE CONSIDERATION BY COUNCILLORS TO THE AGENDA

Councillors are requested to give due consideration to all matters contained in the Agenda presently before the meeting.

**6.2 DECLARATIONS OF INTEREST
Councillors to Note**

A Councillor who has an Impartiality, Proximity or Financial Interest in any matter to be discussed at a Council or Committee Meeting, which will be attended by the member, must disclose the nature of the interest:

- (a) In a written notice given to the Chief Executive Officer before the Meeting or;
- (b) At the Meeting, immediately before the matter is discussed.

A Councillor, who makes a disclosure in respect to an interest, must not:

- (a) Preside at the part of the Meeting, relating to the matter or;
- (b) Participate in, or be present during any discussion or decision-making procedure relative to the matter, unless to the extent that the disclosing member is allowed to do so under Section 5.68 or Section 5.69 of the *Local Government Act 1995*.

NOTES ON DECLARING INTERESTS (FOR YOUR GUIDANCE)

The following notes are a basic guide for Councillors when they are considering whether they have an interest in a matter.

These notes are included in each agenda for the time being so that Councillors may refresh their memory.

1. A Financial Interest requiring disclosure occurs when a Council decision might advantageously or detrimentally affect the Councillor or a person closely associated with the Councillor and is capable of being measured in money terms. There are exceptions in the *Local Government Act 1995* but they should not be relied on without advice, unless the situation is very clear.
2. If a Councillor is a member of an Association (which is a Body Corporate) with not less than 10 members i.e. sporting, social, religious etc.), and the Councillor is not a holder of office of profit or a guarantor, and has not leased land to or from the club, i.e., if the Councillor is an ordinary member of the Association, the Councillor has a common and not a financial interest in any matter to that Association.
3. If an interest is shared in common with a significant number of electors or ratepayers, then the obligation to disclose that interest does not arise. Each case needs to be considered.
4. If in doubt declare.

**PUBLIC AGENDA - ORDINARY MEETING OF COUNCIL
13 OCTOBER 2020**

5. As stated in 6.2(b) above, if written notice disclosing the interest has not been given to the Chief Executive Officer before the meeting, then it **MUST** be given when the matter arises in the Agenda, and immediately before the matter is discussed.
6. Ordinarily the disclosing Councillor must leave the meeting room before discussion commences. The **only** exceptions are:
 - 6.1 Where the Councillor discloses the **extent** of the interest, and Council carries a motion under s.5.68(1)(b)(ii) or the *Local Government Act 1995*; or
 - 6.2 Where the Minister allows the Councillor to participate under s.5.69 (3) of the *Local Government Act 1995*, with or without conditions.

Summary

The purpose of this agenda item is to report back to Council on the progress of the implementation of Council decisions.

Background

The best practice in governance supports the regular review of Council decisions to ensure that they are actioned and implemented in a timely manner.

Comment

Wherever possible, Council decisions are implemented as soon as practicable after a Council meeting. However, there are projects or circumstances that mean some decisions take longer to action than others.

This report presents a summary of the "Decision Status Reports" for Office of the CEO, Corporate Services, Infrastructure Services, Community Services and Property and Development Services.

Section 2.7 of the Local Government Act 1995 states:

"Role of council

- (1) *The council —*
 (a) *governs the local government's affairs; and*
 (b) *is responsible for the performance of the local government's functions.*

PUBLIC AGENDA - ORDINARY MEETING OF COUNCIL
13 OCTOBER 2020

- (2) Without limiting subsection (1), the council is to —
 (a) oversee the allocation of the local government's finances and resources; and
 (b) determine the local government's policies."

The above section of the *Act* notwithstanding, there is no specific legal requirement to present such a report to Council or for Council to receive or consider such a report. Given it is always 'received', it could simply be provided to elected members via weekly or monthly updates, such as in the weekly Information Bulletin.

The decision to retain the report in the Council's monthly agenda is entirely Council's prerogative. Staff acknowledge the critical and ongoing nature of the document, in that Council 'speaks by resolution'.

Should the proposed Ordinary meeting dates be adopted there will be four meetings in Onslow, three meetings in Tom Price, three meetings in Paraburdoo and one meeting in Pannawonica during 2021.

The Council Meeting Day also includes Elected Member Information Forums (EMIF's). The EMIF's are intended to provide a forum at which Elected Members can:

PUBLIC AGENDA - ORDINARY MEETING OF COUNCIL

13 OCTOBER 2020

- become fully informed on matters that will be considered by Council; and
- raise and discuss a broad range of matters of strategic and operational significance.

This arrangement ensures that Councillors' time and expertise to deal with strategic issues is maximised on the Council Meeting days when all Councillors are together. The EMIF's items of business are divided into four distinct sections:

En Bloc Discussion

- EMIF Compliance Items
- EMIF Workshop/Presentation
- Councillor Reports on Contemporary Issues and Relevant Meetings Attended
- EMIF "Carried Over" Compliance Items

The proposed commencement times for EMIF's will be determined on the basis of the committees required to meet on the same day as the Ordinary meeting of Council.

Summary

This report seeks Council's endorsement of the Shire of Ashburton's Marketing and Communications Strategy 2020-2023.

Background

The Marketing and Communications Strategy 2020 creates a framework to project a positive, professional and action-orientated corporate image; and promote the Shire as a forward thinking, progressive and welcoming, community focused organisation through the application of consistent messages in a wide range of communication channels.

In May 2020 Market Creations were engaged to assist the Shire to assess its marketing footprint and make recommendations on how marketing activities moving forward can better support the Shire's strategic goals and business objectives. The results from this Marketing Audit led to the development of a Marketing and Communications Strategy

**ATTACHMENT 11.4B
ATTACHMENT 11.4A**

This document provides an important reference point for the Shire of Ashburton to ensure all marketing, PR and communications activities are strategic, consistent and timely and details key messages, channels, and suggests opportunities for meaningful community engagement.

Focusing on three key pillars, to drive communications and engagement around investment, liveability and tourism for the Shire of Ashburton, the strategy has been developed in line with the Shire's strategic direction ensuring a common voice, common messaging and alignment of goals.

The strategy is aligned with the key themes detailed in the Shire of Ashburton Strategic Community Plan 2012-2022, being the focus for the Shire of Ashburton Corporate Business Plan 2019-2023:

PUBLIC AGENDA - ORDINARY MEETING OF COUNCIL 13 OCTOBER 2020

1. Vibrant and Active Communities
2. Economic Prosperity
3. Unique Heritage and Environment
4. Quality Services and Infrastructure
5. Inspiring Governance

It also considers the Shire's Economic and Tourism Development Strategy 2019.

Comment

The Shire of Ashburton presents a unique **investment, lifestyle** and **tourism** opportunity. In communicating this the Shire needs to present a brand position that details the unique elements that form the community and its surrounds. With engagement of community and stakeholders, further dissemination of information and active promotion of opportunities the Shire will become more recognised. It is recommended that key messaging and development occur to present the Shire as a progressive, welcoming place to **invest, live, tour**.

The Shire of Ashburton Key External Communication Strategies detail activities recommended to be conducted in order to reach the desired outcomes as detailed in the Shire of Ashburton Economic and Tourism Development Strategy and the Strategic Community Plan – Living Life 2017-2027. The strategies aim are to:

- Increase visitation by 15 percent annually over the next 7 years
- Increase awareness of The Shire of Ashburton's brand and Council services
- Promote investment opportunities in the Shire of Ashburton
- Promote liveability and facilities of the Shire
- Promote the unique indigenous community

The 3 Pillars of invest, live, tour provide guidance around activities to achieve the aims:

Invest

- Improve engagement with business community
- Attend business events, ensure The Shire is represented and has a voice
- Create investment prospectus
- Create video investment prospectus
- Promotion of investment opportunities to business community

Tour

- Visitors extending their stay
- Visitors engaged in the brand uploading organic content
- Collaborate with tour operators, hire car, accommodation providers
- Collaborate with Tourism promotion bodies ensuring the shire is represented in regional or destination marketing
- Present Shire at travel expos and caravan shows utilise experience experts to champion the attractions of the regions
- Improve merchandise offer in Visitor Centre
- Improvement to images - tourism - photography/video people doing activities /celebrity/social media influencer/ grey nomad/ families

Live

- Promotion of Regional Land Booster offers and associated concessions
- Engage with State Government on further promotion opportunities
- Community
- Assist local community with growth of events and activities

PUBLIC AGENDA - ORDINARY MEETING OF COUNCIL
13 OCTOBER 2020

- Opportunity of job availability, high paying jobs, equal opportunity for both genders

This major pillars are supported by the following communication actions and will that deliver the aims of this strategy.

- *Development of a new website*

A new website produced to industry best practice standards will represent a professional corporate image for the Shire of Ashburton, provide heightened visibility, improved accessibility and meet legislative requirements.

As a starting point the Shire's website needs to be accessible and adaptable when viewed from all devices such as a desktop computer and laptop, mobile phone and tablet.

Our website should provide that one source of information for community members, stakeholders, residents and visitors. It should deliver news updates, what's on in the community, Council updates, project progression and delivery statuses and also boasts a tourism marketing opportunity.

As well as informing the community it should also engage with and interact with the community providing options for feedback and discussions as well as enabling the community to interact with the Shire. A new website will inclusively allow online bookings of facilities and online payment of rates, registrations and fees.

It is proposed to increase accessibility and usability through improved navigation incorporating a well thought-out menu with drop down items appearing when the user hovers over menu titles rather than continuous scrolling, improved quick links on the homepage that feature the most visited pages, a prominent search bar and concise and clear content throughout the site.

Refer to **ATTACHMENT 11.4C** for initial style and concept for Shire's new website. Note not confirmed, developed just as a concept for the purpose of this report. (<http://preview.mcdevelopment.com.au/clients/ashburton/Concept1.html>)

Changes to the *Local Government Legislation Amendment Act 2019* affected what information needs to be publicly available on the Shire's website to improve transparency and access to information held by a local government and ensuring accountability to the community. There are now also specific requirements for public notices as well as the publication of certain information including registers and documents.

It is recommended that a more interactive design be implemented to promote the Shire's events and community events and to encourage more engagement from users. Events are a key marketing tool for both engaging the Shire's local community as well as attracting visitors to the region. They play an important role in community life creating a sense of belonging, engagement are a way to entertain and create social interaction. Events help instil a sense of place and pride in a locality.

An online events calendar will enable the Shire to showcase all council and community events, allowing users to view more information and secondary details on a subsequent page. By incorporating a community engagement add-on, community members, sporting clubs and organisations can submit their own events to the calendar and ensure Shire-wide visibility and promotion to residents and visitors to the region. This further enables the Shire's website to be the one source of truth and enhances the ease of use and user experience

- *Improved brand implementation*

A strong brand for the Shire of Ashburton is more than the logo. The brand is defined by how the Shire is recognised and the experiences internal and external stakeholders have with the Shire. It is reflected in everything that represents the Shire, from uniforms and vehicles, to methods of customer service, to on hold messages and collateral produced. Purposeful and effective branding will improve the perception of the Shire by the local community, key stakeholders and the broader WA community and therefore elevate the Shire's reputation.

Consistency of branding and messaging across the Shire of Ashburton creates an impression as one of a proactive, action-orientated leader in the community, while improving and establishing awareness of the Shire with business, community groups and the wider community as a proactive, responsive and action-orientated council.

With this in mind, a review of the Shire's style guide (**ATTACHMENT 11.4D**) is proposed to provide a clear breakdown as to how the Shire's branding and logos should be used. Please note that this does not imply a new logo and new brand, but a simplified approach to how the Shire applies the current brand and promotes the brand attributes that reflect the uniqueness and diversity of the Shire.

It will also assess the current brand hierarchy and consideration of the use of sub brands targeting individual towns, events and tourism and detail a forward plan of use.

Key actions may include a review of signage and rollout consistent brand identity, ensure brand identity is consistent across all electronic and printed materials and merchandise and creation of digital photo and video library.

- *Develop a Social Media strategy and implementation*

The Shire proactively uses social media platforms to communicate information regarding its services, activities/events, achievements and projects to external stakeholders.

A strong and all-encompassing social media presence can establish the Shire of Ashburton as an entity with a corporate profile, which is active in the community and is more accessible and responsive to the community.

There is also the ability to build and create relationships and leverage partnerships with community members and stakeholders in the social media environment.

A newly created Social Media Strategy will further outline best practise and recommended activity to drive a stronger presence and reputation in the digital space. This will ensure the Shire's online platforms contain that one source of truth, comprising of all community and operational information and clearly identify any subsidiary pages, such as tourism, feature the Shire of Ashburton brand, so community members know this is a service delivered by the Shire.

A focused social media strategy will give relevant and meaning to review analytics periodically and report / suggest improvements.

- *Key projects, investment, community consultation and advocacy*

The Shire's community perceptions survey highlighted that locals want to hear more about sports & recreation, growth & development, and economic & tourism development.

**PUBLIC AGENDA - ORDINARY MEETING OF COUNCIL
13 OCTOBER 2020**

In creating a promotional plan that encompasses project sheets, updates and forum for community engagement and feedback, for all the key projects occurring in the Shire there are opportunities to leverage current partnerships for marketing and PR.

These project documentation and engagement plans link back to the strategies that will underpin Community Services Road Map while also informing and influencing community, stakeholders, industry and government.

Included in this activity is the intent to improve the content, quality and distribution of Shire publications particularly to create an investment prospectus that promotes the opportunities present in the Shire and into the future as current projects come to fruition both in print and digital formats.

Statutory Environment

Local Government Act 1995

2.7. Role of council

(1) The council —

(a) governs the local government's affairs; and

(b) is responsible for the performance of the local government's functions.

(2) Without limiting subsection (1), the council is to —

(a) oversee the allocation of the local government's finances and resources; and

(b) determine the local government's policies.

Local Government Legislation Amendment Act 2019

1.7. Local public notice

Where under this Act local public notice of a matter is required to be given, notice of the matter must be —

(a) published on the official website of the local government concerned in accordance with the regulations; and

(b) given in at least 3 of the ways prescribed for the purposes of this section.

1.8. Statewide public notice

Where under this Act Statewide public notice of a matter is required to be given, notice of the matter must be given in accordance with section 1.7(a) and (b) and the requirements prescribed for the purposes of this section.

With regards to changes to the *Local Government Act 1995*, creating the *Local Government Legislation Amendment Act 2019*, there are known statutory impacts to be considered.

Of major note to this document is the new public notice requirements that impact on the Shire's communication methods and requirements.

PUBLIC AGENDA - ORDINARY MEETING OF COUNCIL

13 OCTOBER 2020

The specific changes as detailed in the Director General's Circular 03-2019 are as follows:

The specific requirements for the publication of local and State-wide notices is being removed from the LG Act and will be included in regulations. This will enable the flexibility to adapt to changes in technology in the future.

- A local public notice will require a notice to be published on the local government's official website and via at least three of the following mediums:
 - in a newspaper that circulates generally throughout the district (if available)
 - on a State Government website;
 - on a social media platform;
 - published in a newsletter or newsletters available to the majority of residents throughout the district;
 - exhibited on a notice board at every local government office and library within the district; or
 - electronic mail distribution list.
- A state-wide notice will require local governments to publish the notice in a newspaper that circulates throughout the State, in addition to the requirements of a local public notice.

Financial Implications

Budget allowance for the provision of a new website was included in the 2020/21 Annual Budget. There is also budget within Media to engage a consultant who will work closely with the communications team to improve the implementation of the Shire's style guide and sub brands.

Estimated costs for the implication of the website including the transfer of existing content will be approx. \$45,000 with an ongoing annual subscription of \$14,000.

Strategic Implications

Shire of Ashburton 10 Year Strategic Community Plan 2017-2027 (Desktop Review 2019) and the Strategic Corporate Plan 2019-2023. In particular, the strategic direction provided for this activity:

Summary

In accordance with Regulation 34 of the *Local Government (Financial Management) Regulations*, the Shire is to prepare a monthly Statement of Activity for consideration by Council.

Background

Regulation 34 of the *Local Government (Financial Management) Regulations* requires the Shire to prepare a monthly statement of financial activity for consideration by Council within two months after the end of the month of the report. In addition administration also presents to Council the following:

- budget amendment register;
- schedule of accounts; and
- credit card payments to Council.

End of Financial Year Closing

The figures in the 2020/21 financial reports are provisional in order to provide an estimate of the July 2020 position, pending finalisation of the audit of the 2019-20 accounts. This will mainly impact balance sheet opening and closing amounts (including the brought-forward net current asset figure).

Depreciation is not currently being charged in 2020-21 until after year-end is completed. It is estimated that depreciation charges would increase year to date expenditure by approx. \$1m. Depreciation is a non-cash expense and would not impact closing balances.

DISCLOSURE OF FINANCIAL INTEREST:	The author and the authorising officer have no financial, proximity or impartiality interests in the proposal.
PREVIOUS MEETING REFERENCE:	Agenda Item 13.5 (Minute No. 62/2020) Ordinary Meeting of Council 14 April 2020

Summary

At the Ordinary Meeting of Council held on 14 April 2020, Councillors endorsed a Licence between the Shire of Ashburton (Shire) and Sarah Gorman trading as The Bedford Paraburdoo, for Portion of Lot 67 Rocklea Road, Paraburdoo, being Reserve 40065. The Licence Agreement is for two years, expiring 31 March 2022.

Sarah Gorman proposes to enter into a contract of sale for The Bedford Paraburdoo with Shiela Altiche. Council's endorsement of assignment of the licence is required for the sale of the business to be completed.

Background

At the Ordinary Meeting of Council in February 2017 (Minute No 110), Council endorsed the proposal to enter into a licence agreement for Portion of Reserve 40065 being Lot 67 Rocklea Road, Paraburdoo with Sarah Gorman t/a The Bedford Paraburdoo.

The Department of Planning, Lands and Heritage (DPLH) gave section 18 consent for Licence of 98m² of Reserve 40065 with the following mandatory conditions due to the Reserve being created pursuant to section 20A of the (repealed) *Town Planning and Development Act 1928* (replaced by section 152 of the *Planning and Development Act 2005*):

1. The term of the licence is a period of two years;
2. All revenue from the licence be expended only on Reserve maintenance and upkeep;
3. The proposed licence area (indicated below) be depicted as a separate lot for the Shire to licence only that portion of the Reserve; and
4. The Shire would be responsible for the cost of survey actions.

PUBLIC AGENDA - ORDINARY MEETING OF COUNCIL
13 OCTOBER 2020

Council endorsed a further Licence at the Ordinary Meeting of Council held on 14 April 2020 (Minute No. 62/2020), for a further two year term. The Licence, consented to by the Minister for Lands, was on the same terms and conditions as the previous Licence:

Term: 2 years

Commencement: 1 April 2020

Annual Licence Fee: \$2,450 plus GST, payable in 12 monthly instalments, rounded to the nearest five dollars being \$205.00 plus GST

Outgoings: The annual licence fee is inclusive of valuation fees, water consumption and rates, electricity, telecommunications, waste collection charges and grounds maintenance

Essential Terms: Compliance with relevant food legislation

Comment

Sarah Gorman proposes to sell The Bedford Paraburdoo to Shiela Altiche, who will retain the business name of 'The Bedford Paraburdoo.'

The Licence Agreement in effect (executed in March 2020) to be assigned by way of Deed of Assignment (effective 1 November 2020) states:

3.7 Assignment

- a) The Licensee will not assign or transfer the rights of the Licensee (or any such rights) pursuant to this Licence without the prior written consent from the Minister for Lands and the Licensor.
- b) The Licensor may withhold its consent or grant its consent either unconditionally or subject to any conditions it consider appropriate.
- c) Upon any assignment of this Licence, the Licensee will remain responsible for the Premises, and compliance with the terms and conditions of this Licence, as if those rights had not been assigned or transferred.

**PUBLIC AGENDA - ORDINARY MEETING OF COUNCIL
13 OCTOBER 2020**

The Minister for Lands has granted consent in accordance with section 18 of the *Land Administration Act 1997* to the proposed assignment on the condition the final document executed by the parties is on the same terms as provided to the DPLH.

**ATTACHMENT 12.2A
ATTACHMENT 12.2B**

Both parties have agreed that a security deposit of one year's licence fee (\$2,540) be paid by the Assignee to the Licensor in order to relieve the Licensee of the responsibility for the Premises as detailed under 3.7 c).

Operating hours will be in accordance with the *Environmental Protection (Noise) Regulations 1997*. Shiela Altiche proposes to open The Bedford Paraburdoo daily at the following times:

4.00am – 8.00am
10.00am – 2.00pm
5.00pm – 10.00pm

Three referees were contacted to ascertain Shiela Altiche's suitability as a Licensee of Shire property.

Question	Response
Amount of involvement in the Community?	Lives and works in Paraburdoo, has helped out with a local sporting club.
Experience in the hospitality industry?	Understood to have worked in a bakery, takeaway and running a food stall/restaurant in the Philippines.
Experience of operating a business?	Experience within the family business running a food stall restaurant in the Philippines
Would you be confident having Shiela look after your own business for you?	Definitely – she is very reliable and considerate.

Assignment of the Licence is considered to be low risk due to the low annual licence fee. Should Shiela Altiche cease to trade costs associated with remediation of the site (removal of the food van from the Reserve) would be covered by the security deposit.

Summary

The November Ordinary Council Meeting (OCM) was scheduled to be held at the Ashburton Hall, Ashburton Avenue, Paraburdoo on 10 November 2020 as per the Resolution of Council 19 November 2019.

Due to works being carried out on the Karingal Facility in Paraburdoo, Karingal will be required to temporarily relocate to the Ashburton Hall and Lesser Hall, therefore, the November Ordinary Meeting of Council schedule to be held in the Ashburton Hall will need to be moved to be held at the Paraburdoo Sports, Fitness and Community Complex, Fortescue Place, Paraburdoo.

Background

In November 2019, Council adopted the meeting schedule for the entire 12 month period from January to December 2020.

This report sets out the proposed location for the Ordinary Meetings of Council to be held on Tuesday 10 November 2020.

Comment

Approval is sought for the change of venue of the Shire of Ashburton's Ordinary Council Meeting to be held on Tuesday 10 November 2020 and that the Chief Executive Officer provide public Notice on Notice Boards, the Shire Website and Social Media advertising the venue and address for this meeting.

PREVIOUS MEETING REFERENCE:	Agenda Item 11.5 (Minute No. 696/2019) Ordinary Meeting of Council 19 November 2019

Summary

The Minister for Lands approved road name 'Manuwarra Red Dog Highway' from the Warlu Way - North West Coastal Highway intersection to Tom Price via Rio Tinto's Rail Access Road, including Bingarn Road. As a result, Mine Road is separated into two portions. To prevent this and retain the name as proposed by the Youngaleena Aboriginal Community in 2004, it is proposed the eastern portion of Mine Road retain the name Bingarn Road.

Background

With the sealing of the Tom Price to Karratha Road, Kevin Michel MLA sought Council's support to rename the road in honour of Red Dog whose prominence could be used to boost tourism and local jobs in the Pilbara.

As endorsed by Council at the 18 September 2019 (Minute No. 635/2019) Ordinary Meeting of Council, community consultation was undertaken. Of the small number of respondents (95), 78% supported the renaming proposal.

Landgate's Geographic Names Committee is the primary source and official register for all approved named geographic features, administrative boundaries and road names.

As instructed by the Minister for Lands the Hon Ben Wyatt MLA and under Section 26(2)(c) of the *Land Administration Act 1997*, the new road name was effective from 2 September 2020. The new road name 'Manuwarra Red Dog Highway' has two elements: Manuwarra, proposed by the Yindjibarndi Aboriginal Corporation and translates to 'heaps'/'masses'; and, Red Dog, the kelpie/cattle dog (c. 1971 – 1979) known for his travels in the Pilbara region.

Three stages of the sealing campaign are now completed, with one stage final stage remaining.

The new road encompasses the following:

Comment

Following the Ministers approval of Manuwarra Red Dog Highway, Landgate and Main Roads met to discuss the extent of the new road name into the Tom Price townsite and the subsequent renaming of any affected roads. Resultant, all of Bingarn Road has now been renamed to Manuwarra Red Dog Highway along with portion of Mine Road, to the Tom Price – Paraburdoo Road T junction.

A review found two addresses on Mine Road will be affected by the renaming - 860 & 866 Mine Road. As shown on the map, Landgate proposes the following amendments:

- Rename portion of Mine Road to Manuwarra Red Dog Highway and extend the name to the Tom Price-Paraburdoo Road T junction.
- Rename portion of Mine Road between Tom Price-Paraburdoo Road and Central Road to Bingarn Road.

The renaming of the eastern portion of Mine Road (as shown in blue on the map) will assist in retaining the name Bingarn Road, which was originally proposed by the Youngaleena Aboriginal Community in 2004, and prevent the creation of two separate portions of Mine Road.

Summary

This report proposes closure dates for Shire Administration Offices, Libraries, Depots and Waste Services for the upcoming 2020/21 Christmas and New Year period.

Background

ADM12 – 'Closure of Certain Facilities – Christmas/New Year Period' authorises the Chief Executive Officer is to close Shire Administration Offices, Libraries, and Works Depots. Traditionally this is two working days prior to Christmas day and reopening the next working day following the New Year's Day public holiday.

Comment

Approval is sought for the closure of the offices in the various towns of the Shire for the period of Wednesday 23 December 2020 to Friday 1 January 2021 inclusive. Amended hours for Shire Operations that are essential are listed for endorsement.

Experience over the past years has indicated there is little requirement from the general public for administrative staff assistance over the Christmas / New Year period.

Operationally a number of officers will be available to manage emergency situations. Contact can be made through the reception number that is forwarded to the after hours call-centre. A summary of proposed operating hours are set out below:

12.6 NORTH TOM PRICE PRIMARY SCHOOL BOARD - COMMUNITY MEMBER VACANCY

FILE REFERENCE:	GR02
AUTHOR'S NAME AND POSITION:	Janyce Smith Senior Administration Officer
AUTHORISING OFFICER AND POSITION:	John Bingham Director Corporate Services
NAME OF APPLICANT/RESPONDENT:	Not Applicable
DATE REPORT WRITTEN:	29 September 2020
DISCLOSURE OF FINANCIAL INTEREST:	The authors and the authorising officer have no financial proximity or impartiality interests in the proposal
PREVIOUS MEETING REFERENCE:	Not Applicable

Summary

The North Tom Price Primary School is seeking nominations to fill one Community Member position on its School Board. This position is for a 3 year term, commencing on appointment.

Council is requested to nominate either an elected member or staff member for this position.

Background

The North Tom Price Primary School Board (the Board) was established in 2013 when the school became an independent school. Since that time the Board has previously had three Community Members who were affiliated with the Shire, one Elected Member and two Executive Directors.

The Board currently has eleven members which comprises of the School Principal, Department of Education staff members, parents, and community representatives. The current community members are from Rio Tinto, Nintirri and Tom Price Senior High School.

The School Principal has now invited the Shire to nominate a person to fill the vacant position of Community Member on the Board.

Comment

The Board meets up to two times per term and is an important decision making group of the school. The Board takes part in:

- establishing and reviewing from time to time, the school's objectives, priorities and general policy directions;
- planning financial arrangement necessary to fund those objectives, priorities and directions;
- evaluating the school's performance in achieving those objectives, priorities and directions;
- formulating codes of conduct for students at the school; and
- take part in the selection of, but not the appointment of, the school principal if prior approval is given by the Regional Executive Director;

A general overview of the Board and its meetings are attached.

ATTACHMENT 12.6A

The Department of Education have published an Information Pack on Public School Councils and Boards which outlines the roles and responsibilities of school councils/boards. Some of the points to note in regard to Community Membership are:

- Identifying quality members is a critical part of the process of establishing and maintaining a successful council/board. It is imperative that schools have broad networks to ensure a wide variety of people are considered.
- Community members may bring expertise such as business skills that the board/council is looking for.
- Any member of the community considered to have suitable qualifications or experience is eligible to be placed on the list of nominees for the community category of membership. Community members have contemporary expertise required by the council/board. Examples of contemporary expertise include current employment with an employer working in partnership with the school, or business skills that are required at the time.
- There will not be an election to appoint community members. The council/board may appointment suitably qualified persons from the list of nominees by vote in a meeting.
- Prior to being appointed to the council/board, nominees undergo a National Police History Check.

12.7 MINING ACT 1968 TENEMENT REFERRALS – 25 AUGUST – 30 SEPTEMBER 2020

FILE REFERENCE:	ED01
AUTHOR'S NAME AND POSITION:	Janelle Fell Manager Land and Asset Compliance
AUTHORISING OFFICER AND POSITION:	John Bingham Director Corporate Services
NAME OF APPLICANT/RESPONDENT:	Not Applicable
DATE REPORT WRITTEN:	1 October 2020
DISCLOSURE OF FINANCIAL INTEREST:	The author and the authorising officer have no financial, proximity or impartiality interests in the proposal
PREVIOUS MEETING REFERENCE:	Agenda Item 12.8 (Minute No. 124/2020) – Ordinary Meeting of Council 11 August 2020

Summary

The purpose of this report is to inform Council, for information, of Notices of Application for tenure under the *Mining Act 1978*.

Background

It is a requirement of the *Mining Regulations 1981* (Mining Regs) that application for mining tenements be in the prescribed form, being a Form 21, and lodged within 10 days of marking out (by fixing a post projecting at least 1 m above the ground along with other prescribed actions as per Division 1 – Marking out mining tenements of the Mining Regs).

A notice in the form of Form 21 is to be served on the Chief Executive Officer of the local government within 14 days of the lodging of the application to which the notice relates.

The period for lodgement of an objection concerning an application over private land is within 21 days of service of the Form 21 or the date notified on the Form 21, whichever is the longer period.

Comment

Mining tenements prescribed under the *Mining Act 1968* include prospecting licences, exploration licences, retention licences, mining leases, general purpose leases and miscellaneous licences.

The Shire receives varying numbers of Form 21 Applications for Mining Tenement each month. Therefore, Shire Officers undertake an assessment of each Notification with any concerning Applications referred to Council. The due diligence assessment includes, but is not limited to:

- Affected Shire assets:
 - Will the licence generate traffic volumes that significantly affect Shire roads
 - Borrow pits
- Bushfire back burning areas
- Aboriginal heritage sites
- Special Control Areas as per the Local Planning Scheme No. 7
 - Wittenoom a particular concern

**PUBLIC AGENDA - ORDINARY MEETING OF COUNCIL

- Areas used for public recreation
- Land identified for future use or development (landfill, tourism, etc.)
- Traffic management if operating near roads used by travelling public
- Identify landowner/pastoral company
- Identify Aboriginal groups
- European heritage sites – municipal inventory
- Proximity to:
 - Telecommunications
 - Electricity
 - Water
 - Gas pipelines
- General notification of possible permanent and temporary camps

Three (3) Form 21 - Application for Mining Tenement notifications were received between 25 August and 30 September 2020.

Exploration Licences

The Mining Regs imposes a limit on the amount of earth, soil, rock, stone, fluid or mineral bearing substance which may be excavated, extracted or removed to 1,000 tonnes in total. Excavation, extraction or removal in excess of this requires the Ministers written approval.

Exploration Licence notifications received include:

Bellary Dome Pty Ltd McMahon Mining Title Services Pty Ltd	E 47/4434	4 BL	Windell
Australian Premium Iron Joint Venture	E 47/4444	62 BL	Mount Enid

Miscellaneous Licences

A miscellaneous licence may be granted for use of land for one or more of the following purposes:

- A road;
- A tramway;
- An aerial rope way;
- A pipeline;
- A powerline;
- A conveyor system;
- A tunnel;
- A bridge;
- Taking water;
- A search for groundwater;

Summary

The Department of Planning, Lands and Heritage seeks Council's comment on a proposal received from Ava Legal Pty Ltd, acting on behalf of RBH Real Estate Pty Ltd, requesting freehold (or leasehold tenure) over unallocated Crown land Lot 500 on Deposited Plan 409463 and the freehold conversion of Lease N456248.

Background

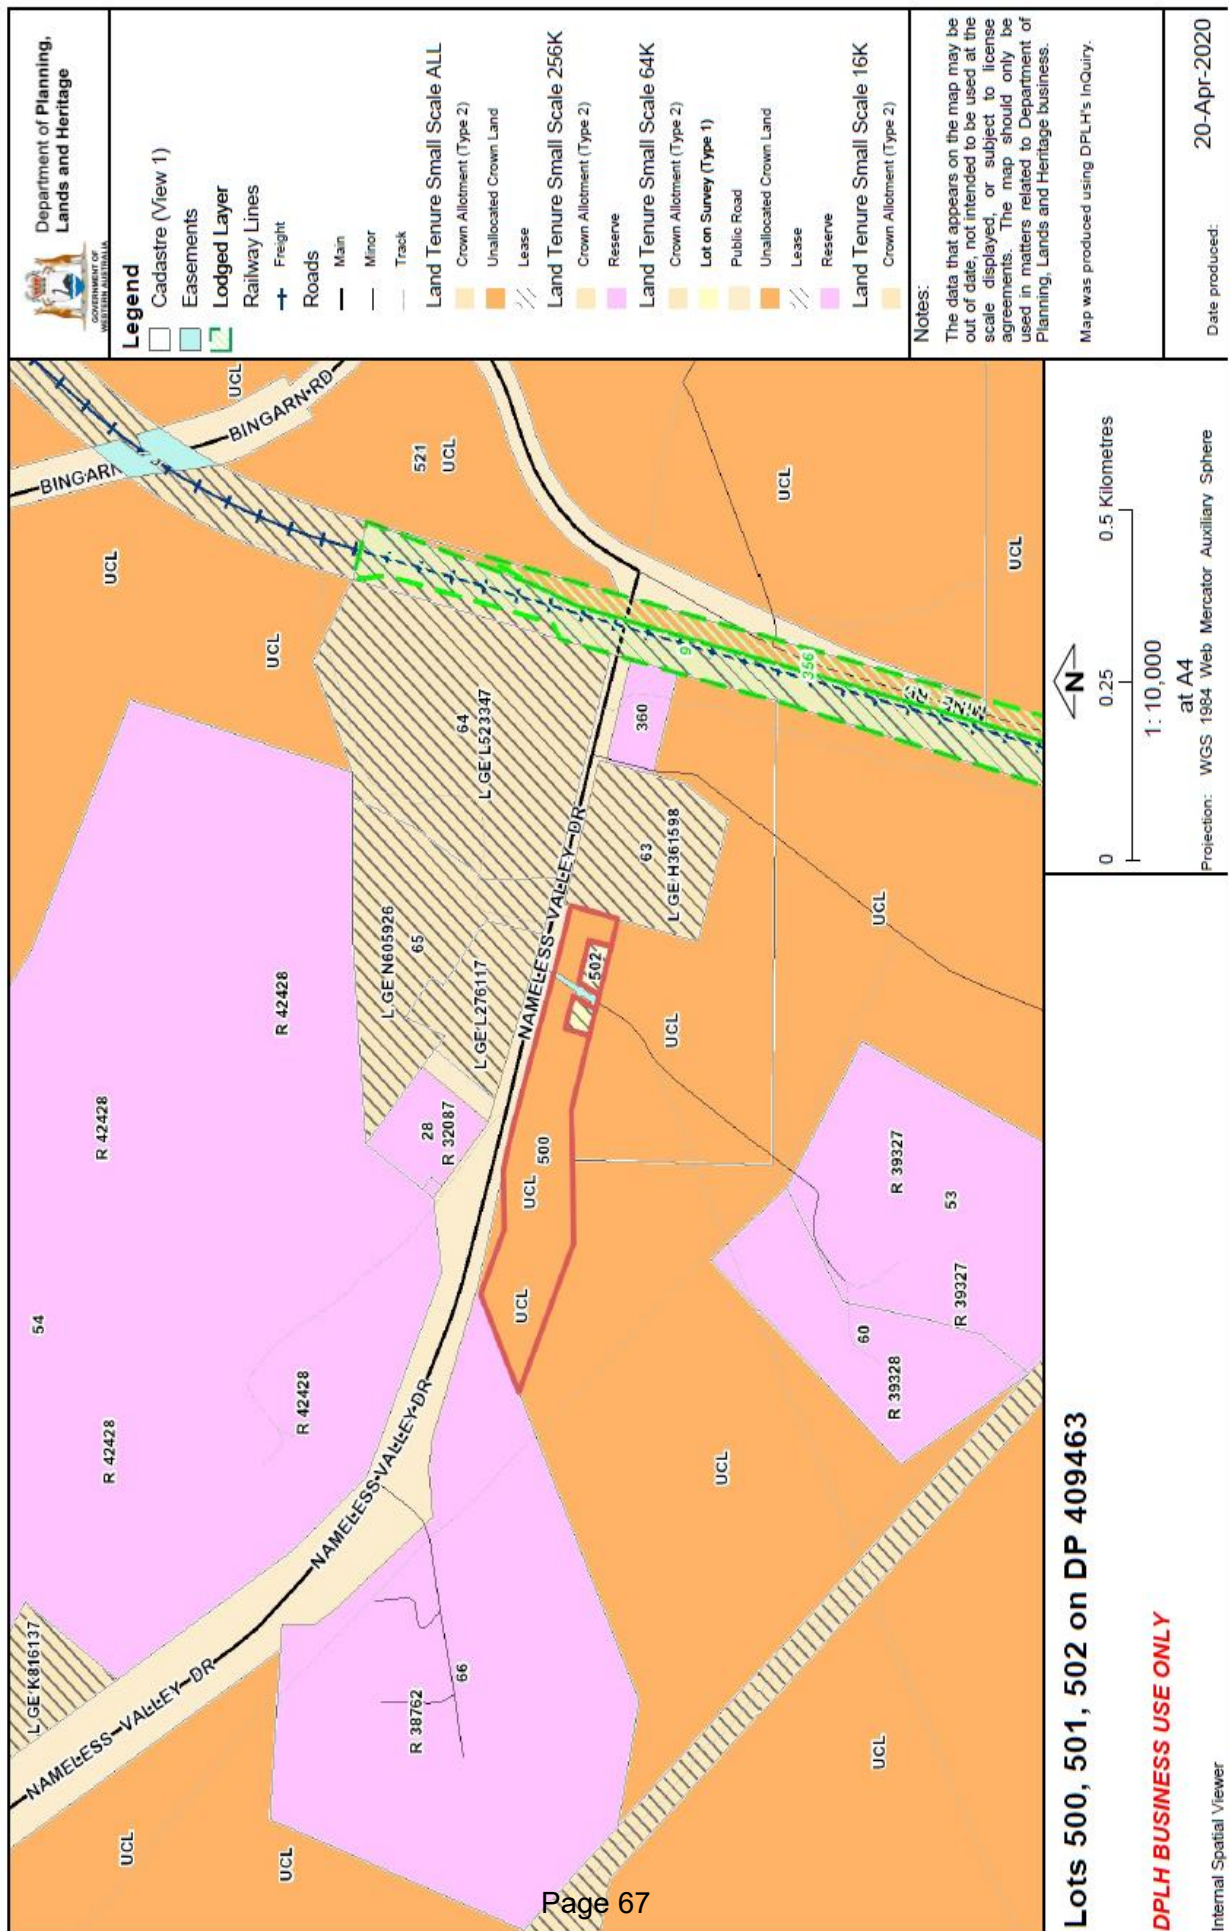

Council opposed the proposed sale of unallocated Crown land (UCL) within the Tom Price Townsite for Helicopter Operations at the June 2013 Ordinary Meeting of Council. The proposed site was UCL adjacent to Nameless Valley Drive in the vicinity of the road access to Mt Nameless walking track, BMX and Speedway. An (at the time) unknown proponent proposed helicopter operations from the site however, due to the 'Rural' zoning and proximity to the waste water treatment plant, it was determined the proposal would negatively impact on residential and tourist amenity at the proposed location.

In October 2016, Department of Planning, Lands and Heritage (DPLH) created Lots 501 (1,465m²) and 502 (2,069m²) Nameless Valley Drive, registered a (road access) Easement on the Title and executed a Lease (N456248) with CompassWest Helicopters Pty Ltd.

Lease N456248 was transferred from CompassWest Helicopters Pty Ltd to RBH Real Estate Pty Ltd (RBH) in March 2020.

RBH request freehold (or leasehold if freehold is not supported) tenure over UCL Lot 500 on Deposited Plan 409463 and the freehold conversion of Lease N456248, hachured red on the plan below. The purposed lease purpose over UCL Lot 500, should freehold not be supported, is "Storage Facility / Depot and Laydown area", for a term of 21 years with an option for a further term of 21 years.

Comment

The Shire's Planning Team advise the following in relation to the proposed use and current zoning:

'The draft Local Planning Strategy identifies the area (Lot 500, Lot 501 and Lot 502) as a 'Rural' designation.

The Local Planning Scheme No. 7 (LPS7) currently has the site zoned as 'Rural', and the Scheme identifies that the objective of the zone is:

- i. Rural *This zone allows for a variety of Rural activities, providing for agriculture, horticulture, viniculture, grazing, dairying or farming generally and may include market gardens, stables, horse training, nurseries and the like. It also provides for extractive industry.*

The LPS7 defines that a 'Storage facility/depot/laydown area' is a 'D' use within the rural zone, meaning that the use is not permitted unless the Local Government has exercised its discretion by granting planning approval.

The objectives of the industrial zoning are as follows:

- ii. Industry *This zone is for Industrial and associated land uses, providing for manufacturing, extraction or processing industries, public utilities, storage or wholesaling or any business that can be considered within one of the 'Industrial' definitions in the Scheme.*

Given that the objectives of the industrial zone recognise 'storage' as a predominantly industrial land use, supporting the development of such a use within a 'Rural' zone is not in accordance with the objectives of the zone or the strategic direction of the draft Local Planning Strategy. As an existing LIA is already available and appropriately zoned.

In addition, the development is not required to provide a development plan, pursuant to Clause 6.4 of LPS7.'

The proposal to freehold (or leasehold) Lot 500 on Deposited Plan 409463 sees the proposed Storage Facility / Depot and Laydown area abut the Tom Price Tourist Park. Due to the conflicting land uses, it is recommended a smaller portion be considered to allow a suitable buffer between the proposed storage facility/depot and laydown area and the Tom Price Tourist Park.

DPLH will be requested to consult with Summerstar Pty Ltd as Lessees of the Tom Price Tourist Park for their comment on the proposal. As endorsed by Council in October 2019, Summerstar propose to redevelop the Tom Price Tourist Park over ten years, with considerable capital involved.

The lots subject to this proposal are in close proximity to the Tom Price Waste Water Treatment Plant (WWTP). The WWTP operates pursuant to Licence Number L5817/1991/13, which is valid until 2029. The initial assessment noted the nearest residential receptors are over 1km away. Should the proponent propose a caretakers dwelling or residence, this would likely have odour implications. Standard practice for WWTP operators is to undertake an assessment with odour buffers indicated as a Special Control Area (SCA) in the Local Planning Scheme (as per Water Corporation's SCA in Onslow). This has not been assessed or modelled in Tom Price, which may result in implications to the Shire should any approvals be given in relation to use within a SCA. The Department of Water and Environmental Regulation were consulted who advised the

PUBLIC AGENDA - ORDINARY MEETING OF COUNCIL

13 OCTOBER 2020

Environmental Protection Authority Guidelines have not been updated since 2005. Further, they do not have published guidelines on required separation distances or buffers for industrial premises, as each premises is assessed on a case by case basis for potential impact to nearby receptors.

Regular enquiries are made to the Shire regarding available land for mixed business/light industrial purposes in Tom Price. While details are not known, this proposal indicates this need may be somewhat met.

It is recommended Council offer no objection to leasehold only of Lot 500 on Deposited Plan 409463 to avoid potential conflicts in future planning for the immediate area, conditional on:

- A smaller portion of Lot 500 on Deposited Plan 409463 be subject to the proposal; and
- Support from Summerstar Pty Ltd on the proposed or leasehold and use; and
- A Local Planning Scheme No. 7 scheme amendment by the proponent, and
- Any use subject to a to-be-assessed Special Control Area for the Tom Price WWTP.

Further, it is recommended tenure over Lease N456248 be commensurate with the tenure granted over Lot 500 on Deposited Plan 409463, being leasehold.

Summary

The Small Business Commissioner has invited Council to register an Expression of Interest in the *Small Business Friendly Approvals Program* (Approvals Program) and notify of an upcoming review of the *Small Business Friendly Local Governments* initiative.

Background

The Small Business Commissioner has invited Council to register an Expression of Interest in the *Small Business Friendly Approvals Program* (Approvals Program) and notify of an upcoming review of the *Small Business Friendly Local Governments* initiative.

ATTACHMENT 12.9

In late 2018, the Small Business Development Corporation (SBDC) identified an opportunity to expand the Small Business Friendly Local Governments (SBFLG) initiative and partner with two participating local governments to pilot the Approvals Program. The Cities of Canning and Stirling were selected due to the number of small businesses within each municipality, and their contribution to the State's economy.

Through the Approvals Program pilot, the SBDC sought to make it easier to start, operate and grow a small business in Western Australia by:

- Mapping the local government approvals pathway for small businesses;
- Identifying obstacles and opportunities to ease the approvals burden on small businesses;
- Designing reforms to achieve more streamlined approval processes; and
- Supporting local governments to implement those reforms.

The SBDC was recently provided additional funding to roll out the program to 20 local government partners over the next two years. The SBDC will be fully covering the cost of the expert facilitator, with local governments required to release officers to participate in the program working group, agree to implement the reforms developed by the working group, and report progress to the SBDC to enable the quantification of program benefits.

PUBLIC AGENDA - ORDINARY MEETING OF COUNCIL

13 OCTOBER 2020

The Approvals Program employs a human-centred approach to co-designing approval reforms with each local government over a six-week period, culminating in the production of a comprehensive and customised Action Plan for each local government to implement those reforms.

Integral to the delivery of the program is the establishment of a cross-functional working group comprised of representatives from key service areas within the partnering local government (such as planning, health, building, economic development and customer service) and representation by the SBDC.

Over a period of two days a week for six weeks, an expert facilitator guides the working group through a process of mapping the small business customer journey, establishing baseline data (including the number of business applications and approval timeframes), and through a process of customer-centred thinking, developing a series of reforms to improve small business approval processes and organisational change.

An important component of the project is interviews with small business operators that have experienced challenges with the local government's approval process. Hearing from these 'critical voices' is important in establishing the need for reform and to build empathy with the local government's business customers.

The Approvals Program seeks to address:

- The number of forms and approvals required by local governments when a small business is opening for the first time or expanding;
- The time taken for approvals due to process inefficiencies;
- Uncertainty and inconsistency surrounding the approvals process and the permits required;
- The requirement for small businesses to submit information numerous times, at each approval stage;
- A lack of risk-based approach to regulatory approvals; and
- The fees for some approvals and the variation across different local governments.

The Approvals Program pilot resulted in the development of 61 reform recommendations across the two local governments.

These reforms focused not only on process improvements to each local government's approvals regime, but also on improving organisational structures, culture, behaviours, beliefs, policies and strategic alignment where they intersect the business approvals process. This has produced more visible, meaningful and holistic reform initiatives to benefit small businesses than would otherwise have occurred by focusing on the process alone.

All reforms were designed to not require any additional financial resources by the local government.

Once implemented, the reform initiatives identified by the Cities of Canning and Stirling could each reduce approval timeframes for small business development applications by over 30 days.

Based on conservative estimates, the SBDC has calculated that this will generate an estimated saving of \$3.7 million annually for small businesses operating in these two local governments who applied for a development approval. This equates to an average saving of almost \$11,000 per small business.

PUBLIC AGENDA - ORDINARY MEETING OF COUNCIL
13 OCTOBER 2020

Importantly, the reform initiatives developed under the project will benefit all local government approval customers, not just small businesses. Those reform initiatives will also add considerable value to each local government through:

- More efficient and effective use of resources;
- More agile systems;
- Greater collaboration, certainty and consistency among staff;
- Improved service standards and greater customer satisfaction with the approvals process.

Comment

Given the potential savings to small businesses in the district as well as value added to Shire processes and its staff, it is recommended Council apply to participate in the program including drafting a letter of support from the Shire President and Chief Executive Officer (a requirement of the application process).

Summary

Update on support provided to assist small businesses, community groups and clubs affected by the COVID-19 pandemic.

Background

At the April Ordinary Meeting of Council, Council received a report from the Acting CEO on the potential impact of the COVID-19 pandemic on the Shire and resolved to implement a range of support and stimulus measures (see **ATTACHMENT 12.10A**). The goal was to keep businesses going, keep people in jobs and reach out to groups and clubs so they can continue in the future for the benefit of the community. Local Government measures were introduced alongside the Federal and State Government support and stimulus packages. The main areas of relief were based on those suggested by WALGA in late March.

In May, Rio Tinto confirmed they would provide further funds to support the Shire's relief efforts to support and provide economic stimulus to the Shire, small businesses and community organisations in Tom Price, Paraburdoo and Pannawonica experiencing hardship resulting from COVID-19.

Rio Tinto also provided the Shire with a waiver of lease payments on buildings leased by the Shire for 6 months.

Comment

Support provided to small businesses, community groups and clubs has included cash to offset fixed costs that were not able to be reduced (eg rent, insurance and utilities); and in-kind support such as the waiver of Shire licences, fees, and rent (where the Shire provides premises to the organisation).

PUBLIC AGENDA - ORDINARY MEETING OF COUNCIL
13 OCTOBER 2020

Grants of support have been provided to 97 organisations – 61 community groups and 36 small businesses. Total support provided to date is:

	<i>Funds Made Available</i>	<i>Cash</i>	<i>In-Kind</i>	<i>Totals</i>	<i>Balance Available</i>
Shire	\$500,000.00	\$302,501	\$42,282	\$344,783	\$155,217
Rio	\$1,000,000.00	\$334,082	\$96,819	\$430,902	\$569,098
TOTAL	\$1,500,000.00	\$636,583	\$139,101	\$775,684	\$724,316

A breakdown of the above support supplied to each small business, club or community group is provided in **CONFIDENTIAL ATTACHMENT 12.10B**. At this stage we have provided these in a confidential attachment as it could be argued that the requests for support were submitted to Council in confidence and at a time of financial stress and hardship, particularly for some of the businesses.

Rio Tinto has also provided support to the Shire in terms of a waiver of 6-months' rent on properties the Shire leases from Rio Tinto – 29 properties, worth a total of \$172,521.

At this stage, with the number of infections and impacts of the pandemic in Western Australia well controlled, most businesses are back to normal. As of the end of September 2020, we have \$569,098 of the Rio Tinto COVID-19 Relief and Support Funds still available. It appears that further support for businesses and community groups is unlikely to be required. It is therefore proposed that these funds are directed towards the maintenance and improvement of essential community infrastructure in accordance with the 'key areas' of the Rio Tinto agreement.

Section 6.12 of the Local Government Act and Reg. 12 and Reg. 13 of the *Local Government (Financial Management) Regulations* 1996 outline the provisions of granting funding and delegates the CEO authorisation to make the payment.

Financial Implications

At the April Ordinary Council Meeting, Council supported the establishment of the COVID-19 Support Package of \$500,000. Rio Tinto then provided an additional \$1,000,000 of further support. To date \$756,894 has been awarded in grants. This leaves a balance of \$724,316 available (including \$569,098 of Rio funds).

Risk Management

Risk has been assessed on the basis of the Officers Recommendation.

Risk	Risk Likelihood	Risk Impact / Consequence	Risk Rating	Principal Risk Theme	Risk Action Plan (Controls or Treatment proposed)
That Council not accept the Officers recommendation	Unlikely (2)	Insignificant (1)	Low (1-4)	Compliance – 3 Moderate – Non-Compliance with significant regulatory requirements imposed.	Accept Officer Recommendation.

The following Risk Matrix has been applied.

Risk Matrix						
Consequence Likelihood		Insignificant	Minor	Moderate	Major	Catastrophic
		1	2	3	4	5
Almost Certain	5	Moderate (5)	High (10)	High (15)	Extreme (20)	Extreme (25)

Summary

This item seeks consideration from Council to revoke the 23 April 2018 (Minute No. 339/2018) resolution of Council whereby Council endorsed camping arrangements at Three Mile Pool (Ashburton River) on Minderoo Station.

Background

At the 23 April 2018 Shire of Ashburton – Ashburton Tourism Development Committee Meeting, the Committee decided:

“That with respect to camping arrangements at Three Mile Pool, Minderoo Station the Ashburton Tourism Development Committee recommend to Council, that Council:

- 1. Adopt in principle a \$5 camping fee for Three Mile Pool (fee calculated per vehicle, per night) inclusive of GST;*
- 2. Request Council to include in the 2018/19 Fees & Charges Schedule a \$5 camping fee for Three Mile Pool (fee calculated per vehicle, per night) inclusive of GST;*
- 3. Liaise with the Onslow Visitor Centre to process camping payments and permits with the intent that fees raised would be donated to the Onslow Visitor Centre;*
- 4. Authorise the income received from the camping fees to be donated to the Onslow Visitor Centre for the purpose of maintaining the Good Shed Museum; and*
- 5. Request the Chief Executive Officer to advise the Pastoral lease holder of Minderoo Station in relation to camping at Three Mile Pool (Ashburton River) that:*
 - a) The Shire will not erect a fence to limit access of campers to Minderoo Station or introduce skip bins;*
 - b) The Shire will improve signage (including defining camping areas, advising campers that toilet facilities are not available and to remove their rubbish) and establish a permit system;*

**PUBLIC AGENDA - ORDINARY MEETING OF COUNCIL
13 OCTOBER 2020**

- c) *The Shire will is to carry out Ranger inspections three times per week during peak season;*
- d) *Council has adopted an 'in principle' \$5 camping fee for Three Mile Pool (fee calculated per vehicle, per night) inclusive of GST;*
- e) *Council is to include the \$5 camping fee for Three Mile Pool (fee calculated per vehicle, per night) inclusive of GST in the 2018/19 Fees & Charges Schedule;*
- f) *The Council is prepared to allow the Onslow Visitor Centre to process camping payments and permits with the intent that fees raised are a donation to the Onslow Visitor Centre;*
- g) *In consultation with the Onslow Visitor Centre Council request the Shire to pursue a camp host at the site as a voluntary arrangement;*
- h) *The Pastoral lease holder of Minderoo Station is requested to confirmation in writing the acceptance (or otherwise) of Council's decisions as per above.*
- i) *Should the Pastoral lease holder of Minderoo Station not accept the arrangements as outlined that:*
- j) *Council will consider this response as an objection to the camping arrangements at Three Mile Pool, Minderoo Station; and*
- k) *The lease holder is asked to advise how they intend to manage camping at Three Mile Pool (Ashburton River)."*

The Council at its Ordinary Council Meeting on 23 April 2018, adopted the Ashburton Tourism Development Committee's decision.

On 2 May 2018, a letter was sent to Minderoo Station advising the Station Manager the outcomes of the Council's decision at the April Ordinary Council Meeting. No confirmation letter was received in reply.

Further to the above, on 20 September 2019 Cr White tabled the following Notice of Motion in regards to the Camping Arrangements at Three Mile Pool (Ashburton River) on Minderoo Station.

Notice of Motion:

That the Chief Executive Officer prepare as a matter of urgency, a report to Council that addresses the resolution of Council in relation to Item 9.6 Minutes of the SoA Tourism Development Committee Meeting of 23 April 2018 insofar as the:

- *Ownership and interests of land associated with camping along the Ashburton River;*
- *Responsibilities if any, associated with the direction of the above resolution; and*
- *Any potential legal risk implications on the Shire for its involvement in arranging.*

Comment

Land ownership and interests

The current camping arrangements on the site along the banks of the Ashburton River is located within the Minderoo Pastoral Lease (PL 49514).

Under the Shire of Ashburton Local Planning Scheme No. 7 (LPS7); the use for 'Holiday Accommodation' is exempt from development approval within the 'Rural' zone provided it is an incidental use and no building works are proposed. The term 'Holiday Accommodation' is defined in LPS7 as;

**PUBLIC AGENDA - ORDINARY MEETING OF COUNCIL
13 OCTOBER 2020**

holiday accommodation *any land and/or buildings used predominantly by travellers and holiday-makers and designed to take advantage of a tourist attraction or other locational consideration for tourism reasons including camping areas, areas for two or more movable dwellings, chalet parks and serviced apartments or any combination thereof but excluding Bed/Breakfast facilities (which are within the definition of home business), hotel and motel.*

However, in light of the above definition, the site does not meet the minimum requirements under the *Caravan Park and Camping Regulations 1997*; to be defined as a 'nature based park', as;

- No ablutions are provided; and,
- No stationary water supply is available; and
- No Management Plan has been provided; and
- No nature based park licence has been acquired.

In the event that the site were to be formalised as a 'Holiday Accommodation' under LPS7 and a 'nature based park' under *Caravan Park and Camping Regulations 1997*, a Development Application would need to be submitted to the Western Australian Planning Commission (WAPC) for assessment and approval. In addition, approval under the *Native Title Act 1993* would need to be acquired prior to the commencement of the use due to determination that native title exists in relation to the area with the common law holders of native title being the Thalanyji people.

The approval from the WAPC is required, as the location of the site is within the Ashburton North Strategic Industrial Area (ANSIA) Improvement Scheme No. 1 area, and is identified as 'Industrial Protection Zone'. The objective of the zone are to:

23. Industry Protection zone

protect the industrial amenity of the Ashburton North Strategic Industrial Area from encroachment of uses that are not compatible with hydrocarbon processing and related activities, and to ensure sensitive uses are not adversely affected by those processing and related activities.

The use of the site for a 'Nature based park' would be deemed to be a sensitive land use, as per the definition within the Environmental Assessment Guidelines - DRAFT Environmental Assessment Guideline for Separation distances between industrial and sensitive land uses; as follows:

Sensitive land uses *are land uses applied to places where people live or regularly spend time and which are therefore sensitive to emissions from industry. They include residences, hospitals and nursing homes, short-stay accommodation, schools, child care facilities, shopping centres, playgrounds, and some public buildings. Some commercial and institutional land uses which require high levels of amenity or are sensitive to particular emissions may also be considered sensitive land uses.*

On that basis, the development of a sensitive land use within the identified 'industrial buffer zone' would generally not be supported, unless justification and supporting documentation are provided with a formal development application. The current prearrangement on the site does not meet any of the above requirements.

PUBLIC AGENDA - ORDINARY MEETING OF COUNCIL 13 OCTOBER 2020

The formalisation and utilisation of the site, an unlawful and improper use of the site as the use is degrading the surrounding area and potentially causing human effluent build up within the riparian zone of the Ashburton River.

Furthermore, 'development' whether exempt or not requires to have the permission of the land owner. In the case of Minderoo Station and the camping sites along the Ashburton River, that would be with Minderoo Station.

The conditions adopted by the Council at its Ordinary Council Meeting on 23 April 2018, included the following conditions:

- h) The Pastoral lease holder of Minderoo Station is requested to confirmation in writing the acceptance (or otherwise) of Council's decisions as per above.*
- i) Should the Pastoral lease holder of Minderoo Station not accept the arrangements as outlined that:*
- j) Council will consider this response as an objection to the camping arrangements at Three Mile Pool, Minderoo Station; and*
- k) The lease holder is asked to advise how they intend to manage camping at Three Mile Pool (Ashburton River)."*

The conditions required that a response be obtained from Minderoo Station. On 2 May 2018 a letter was sent to the Minderoo Station Pastoral Leaseholder informing them of Council's decision. No response was received in objection or support of the proposal. Therefore, the conditions endorsed by Council have not been fulfilled and the proposed use of the site cannot proceed.

Legal Implications

The unlicensed 'nature based park' is able to be prosecuted under Part 2 Division 1 s.8 of the *Caravan Parks and Camping Grounds Act 1995*, for operating without a licence; as defined below.

1. Caravan park or camping ground not to be operated without licence

- (1) On and after the appointed day a person must not operate a facility, or a facility of a prescribed type, unless the person holds the appropriate licence under this Act in relation to that facility.*

Penalty: \$5 000.

- (2) In subsection (1) —*

appointed day means such day as is fixed by the Minister by notice published in the *Government Gazette* to be the appointed day for the purpose of that subsection.

Furthermore, given the extent and duration that the current camping arrangements have been undertaken, prosecution under Part 4 s.23 and s.24 of the *Act* would be enforced;

24. Continuing offences

- (1) Where an offence is committed by a person by reason of the contravention of a provision of this Act under which the person is required or directed to do any act or thing, or to refrain from doing any act or thing, that offence is taken to continue so long as the act or thing so required or directed remains undone, or continues to be done, as the case may be.*

PUBLIC AGENDA - ORDINARY MEETING OF COUNCIL
13 OCTOBER 2020

- (2) *Where an offence is taken to continue, the person who committed the offence, whether by act or omission, commits an additional offence on each day during which the offence is taken to continue after notice of the offence has been given by or on behalf of an authorised person to the offender, and is liable to a fine not exceeding \$500 for every day on which the offence is so continued.*

In addition to the above, in accordance with the *Planning and Development Act 2005*, the following means of infringements, written directions and prosecutions can be undertaken against the owner undertaking the development.

1. As an alternative to commencing prosecution for an offence, an offender may be given an infringement notice under section 228 of the *Act*, and ordered to pay a modified penalty. These are generally given when the breach is minor and can be remedied. Alternatively, they may be given where the local government authority deems that either for lack of evidence, or public interest reasons, or because of the potential expense that could be incurred, or some other reason, the offence is not worth prosecuting.

An infringement notice must be given within 6 months of the alleged offence being committed (s 228(2)). If the modified penalty is paid within 28 days, then the payment may prevent further legal proceedings being brought in certain circumstances (s 232). However, such a payment is not considered an admission for any civil or criminal proceedings (s 232 (3)).

2. Under the *Act*, if a development, or any part of the development, is undertaken in contravention of a planning scheme, an interim development order, or in contravention of planning control area requirements, the responsible authority may give a written direction to the owner undertaking the development to stop, remove, pull down, take up, or alter the development, or to restore the land as nearly as practicable to its prior condition (*Planning and Development Act 2005* s 214).

If a person does not comply with such a direction, then the responsible authority may itself remove or pull down the development, restore the land, or execute the work as required (*Planning and Development Act 2005* s 215).

Part 5.1.1 of the Shire of Ashburton Local Planning Scheme No. 7 requires that subject to the exemptions in clause 5.3 the planning approval of Local Government is required for all development, including building, works, changes in use and new uses, on zoned and reserved land in the Scheme.

3. Furthermore, if a person contravenes either a provision of the *Act*, or a development order or planning scheme, or the responsible authority grants an application for approval of development subject to conditions, and the development is commenced contrary to those conditions, then the responsible authority may apply to the Supreme Court for an injunction (*Planning and Development Act 2005* s 216).
4. Section 218 of the *Act* provides that a person who contravenes the provisions of a planning scheme or commences or carries out development in contravention of a scheme, or a condition imposed under the act commits an offence. A local government has discretion to decide whether to commence legal proceedings for in prosecution of an offence.

In the event that an offence is committed, a person who commits an offence under the *Act* is liable to a fine of \$200,000 and, a further fine of \$25,000 for each day during which the offence continues (s 223). However, under the *Sentencing Act 1995 (WA)* s 40(5) a body corporate may be liable to a fine of 5 times the maximum that could be imposed on a natural

PUBLIC AGENDA - ORDINARY MEETING OF COUNCIL

13 OCTOBER 2020

person. Therefore, a company may be liable to a fine of \$1,000,000 and, a further fine of \$125,000 for each day during which the offence continues.

The continued support of an illegitimate use that is contrary to the Shire of Ashburton Local Planning Scheme No. 7, would set a precedent for future non-compliance matters.

Summary

The Shire recently promoted and invited applications for Community Support Grants. The submissions were specifically for Community Support Grants as per REC08 Community Donations, Sponsorship and Funding Policy (REC08), with applications closing 31 August 2020.

Seventeen (17) applications were received for Community Support Grants. These grants are provided as in-kind and/or financial assistance to enable community groups and clubs to deliver quality programs, community events and services.

Background

There are two funding rounds each year, one opening in July and closing in August and one opening in February and closing in March. At the close of August round, 17 Community Support Grant applications were received, five from Tom Price, five from Paraburdoo, four from Pannawonica and three from Onslow.

Comment

The Community Support Grant funding was promoted directly to clubs and organisations via email, public notice boards, Inside Ashburton, Onslow Pipeline and the Shire of Ashburton website and Facebook page.

Applications received in Round 1 of the Community Support Grants 2020/2021 annual financial year. All applicants have been assessed on the criteria outlined in REC08 Community Donations, Grants and Funding Policy, general conditions and criteria and compliance information provided and are summarised in **ATTACHMENT 14.1A**.

Summary

This report is for Council to support the request of financial support from the Pilbara Inland Chamber of Commerce Industry for the 2020 Business Awards to be held in Paraburdoo.

Background

The Pilbara Inland Chamber of Commerce Industry (PICCI) represents the interests of businesses operating in the region of Tom Price and Paraburdoo townsites. The mission is to create a professional and prosperous business community that instils confidence and pride in buying locally. The aim of PICCI is to be supportive, motivational, inclusive, forward thinking, professional, and representative, independent and to promote transparency and trust within the region.

The PICCI helps to strengthen the community by implementing workshops and events aimed at engaging businesses and locating gaps in local capacity and capability.

Comment

The PICCI has requested financial support for the 2020 Business Awards to be held in Paraburdoo in November 2020. PICCI requested support during the round 1 of the 2020/21 Community Support Grants process and had previously requested support through the COVID 19 Business Grants.

The businesses within the townsites of Tom Price and Paraburdoo have been effected by the recent COVID 19 restrictions with regards to tourism, business development, housing for businesses and State Government guidelines with regards to events and activities across the state.

With this in place, the reduction of confidence and turnover of many of our smaller business has had a very negative impact on the businesses that have survived COVID19 and membership has been high due to business closures, reduced tourism and events opportunities since early March 2020 and interstate, intrastate and regional closure of borders.

**PUBLIC AGENDA - ORDINARY MEETING OF COUNCIL
13 OCTOBER 2020**

PICCI has requested the support to help encourage the 2020 Business Awards that are to be held in Paraburdoo. By having the Awards held in Paraburdoo, gives the opportunity for the two towns to unite as small businesses and to be recognised and encourage business owners to become members and support local businesses within both Tom Price and Paraburdoo.

The request of funds will help provide support for venue hire and bus hire to transport Tom Price Business owners to the event to be held in Paraburdoo. It is requested that Council support the request of financial support towards these awards.

PICCI has previously requested support through the COVID 19 grants process and was declined. The support to help sustain business growth in the region is requested to help the continued support for an organisation that is supporting business growth and driving for economic growth in the towns of Paraburdoo and Tom Price.

Summary

This report is presented to Council to endorse the 2020 Community Services Key Strategies Road Map that includes several strategies/plans that have been identified in the Shire of Ashburton's Strategic Community Plan and the Corporate Business Plan.

Background

In 2017, during the "planning for the future workshops" the community shared its aspirations for the Shire's future. The Shire recognises that a range of essential infrastructure and community service projects are required to be developed with the local industry and state government to help support community with infrastructure and communities aspirations and deliverables.

To help deliver this, a number of strategies/plans are required to be developed to meet the strategic objectives for the Shire were identified in the Strategic Community Plan 2017-2027. These informing strategies will inform Council with prioritising community aspirations giving consideration to social, economic and environmental objectives, as well as factors such as the vast distance between towns and communities.

It will help lead the Shire in the areas of the following:

- Identify and acknowledge community aspirations and priorities;
- Provide an opportunity for participation by the community in decision making processes;
- Coordinate decision making and the use of resources of the Shire and other organisations working with and in the community;
- Provide a long term focus for the delivery of facilities and services by the Shire and other organisations; and
- Provide a basis for accountability.

Comment

As the Shire is located in the heart of the Pilbara Region, it is apparent that the support of these strategies/plans will provide for the community across the four towns with the opportunity to be involved. This would include social inclusion, safe, valued and empowered communities whilst providing service and activities to enhance living in the remoteness of the Pilbara.

PUBLIC AGENDA - ORDINARY MEETING OF COUNCIL

13 OCTOBER 2020

Strong local communities depend on infrastructure and services such as adequate roads, telephone, health services and transport. They also need enthusiastic and motivated people, community organisations that work well, a long term “vision” for the community and a strong focus on practical action to achieve the vision.

The Shire is committed to delivery of accessible, integrated and sustainable services and programs, planned in consultation with our towns and communities to reflect their differing needs and aspirations. Guiding the delivery of services and programs, our plans and strategies encompass a wide range of topics including preparing for our community facilities, arts and cultural, heritage, tourism, events, activation/place management, reconciliation, recreation and trails outcomes.

Community capacity building is about promoting the ‘capacity’ of the local communities to develop, implement and sustain their own solutions to problems in a way that helps them shape and exercise control over their physical, social, economic and cultural environments. Community capacity building is the continuous process required to foster pride and appropriate local leadership that allows communities, through their members, to take responsibility for their own development.

The outcomes and deliverables can help to identifies eight outcomes of community capacity building:

- Expanding, diverse, inclusive participation
- Expanding leadership base
- Strengthening individual skills
- Encouraging a shared understanding and vision
- Strategic community agenda
- Facilitating consistent, tangible progress towards goals
- Creating effective community organisations and institutions
- Promoting resource utilisation by the community

Commonly accepted key actions/objectives to success are:

- Having local people who are willing to “drive” action
- Developing “allies” – people or organisations that can help
- Using the existing assets of the community
- Having a small visible success within six months
- Having access to some resources
- Celebrating successes

Many community strengths are not immediately obvious, and it takes some creativity to discover what skills and abilities are available in the community, and how they might be used.

Strengths and resources that are often ‘hidden’ in communities include:

- Skills and talents of individual people
- The resources offered by local associations and organisations
- The resources offered by institutions such as major employers, schools and the council
- Land, property, building, parks and the environment
- Local businesses and industries
- The arts, cultural and heritage of the community

Community planning provides new opportunities for local community and voluntary groups to influence strategies, services and programs for the benefit of their communities. Being effective in Community Planning will entail community and voluntary groups:

PUBLIC AGENDA - ORDINARY MEETING OF COUNCIL 13 OCTOBER 2020

- Knowing and understanding the needs of their communities;
- Getting and keeping volunteers involved;
- Prioritising issues;
- Presenting ideas and proposals;
- Networking with other communities to maximise impact;
- Knowing how decisions are made by councils and others and being able to influence them;
- Undertaking projects and delivering services/ facilities;
- Being able to work in partnership with elected representatives, councils and public agencies.

The objectives of the Community Services Road Map will include the following:

- **Aims** – Current Shire’s goals and aspirations, linking into the five goals of the shire.
- **Considerations** – best practice in the industry, how do we best create connectiveness between the towns on opportunities of place management, events & tourism, reconciliation, engagement, economic growth in untouched areas, what are new projects activities and opportunities not yet tested. How will this inform the Community Lifestyle Infrastructure Program (CLIP).
- **Deliverables** – objectives that have purpose and outcome driven by all stakeholders, incorporating the commitment through the annual budget, service plans, CAPEX and decisions supported by Council through the strategies to achieve the desired outcomes through the process. How do we measure by having a realistic and pragmatic approach to expectations regarding performance measurement that is practical and meaningful to the informing strategies.
- **Priority & Adoption** – set timeframes to be workshopped and presented to Council for adoption after the consultation process, engagement, workshops, surveys, data collection and presentations.
- **Development & Implementation** – once adopted, review with staff and the community, action plans with outcomes and achievable goals and outcomes. Link to current budgets and/or require business cases to support future or best practice improvements with each informing strategy.

Figure 1 - Community Services Key Strategies

Each informing strategy will be workshopped with community, relevant stakeholders, staff and elected members to assist our community and staff with the outcomes, desires, task/actions, associated costs, identify stakeholders. Along with this, each informing strategy will assist with the delivery of service to the communities, residents, stakeholders, staff and elected members.

To build trust, communities require certainty that Councils are delivering the right services at the right cost. A best practice program of services with strong community engagement will assist in building community confidence and demonstrating efficiencies.

PUBLIC AGENDA - ORDINARY MEETING OF COUNCIL

13 OCTOBER 2020

The implementation of key actions will be measured to ensure they progress towards our goal in delivering the aspirations. All actions will be budgeted for and delivered through the Annual Budget, CAPEX, Asset Management Plan or individual business unit plans and the Corporate Business Plan.

Council will develop a range of strategies, plans and initiatives to help ensure the prosperity and wellbeing of the four towns within the Shire of Ashburton. A number of strategies have been identified in the Strategic Community Plan and Corporate Business Plan, which includes and is not limited to:

- Community Engagement Strategy
- Activation/Place Management Strategy
- Reconciliation Action Plan
- Arts & Cultural Strategy
- Events and Tourism Strategy
- Recreation Plan Strategy

Summary

This report seeks Council's support for promotion of the Containers for Change Scheme in the Shire of Ashburton.

The Container Deposit Scheme commenced in Western Australia on 1 October 2020 and is branded as "Containers for Change". A total of 205 Refund Points opened across Western Australia on that day and one million eligible containers were collected and diverted from landfill.

One of The Container for Change schemes objective was to providing opportunities for social enterprise and benefits for community organisations through participation in the Scheme.

Containers for Change will provide a 10-cent refund for each eligible container returned for recycling at an approved Containers for Change Refund Point, and a 6-cent refund to the refund point organisation.

The not-for-profit organisations, social enterprises, community groups and sporting groups apply for a scheme ID and are able to register to receive donations when people return their containers.

Community and not-for-profit organisations can also register to be a Donation Point in their own right, using a cage or bin to collect eligible containers allowing them to raise funds for their organisation.

Two local organisations were awarded as authorised refund points within the Shire of Ashburton. A non for profit organisation, Ashburton Aboriginal Corporation (AAC) will service Tom Price and Paraburdoo and North West Recycling will have a collection point in Pannawonica and Onslow.

This report seeks Council's support for promotion of the Containers for Change Scheme throughout the Shire of Ashburton.

PUBLIC AGENDA - ORDINARY MEETING OF COUNCIL

13 OCTOBER 2020

Background

The WA Government has appointed the not for profit entity “West Australian Return Recycle Renew Ltd” (WARRRL) that was created to set up and run as the Container Deposit Scheme administrators in Western Australia. WARRRL will be responsible for:

- Scheme accessibility – Establishing a network of Refund Points to provide communities in Western Australia with access to collection points to return eligible containers;
- Product stewardship – Ensuring that all First Responsible Suppliers fund the Scheme including establishing and maintaining a process for approval of Eligible Containers that are supplied into Western Australia;
- Scheme payments – Setting and facilitating payments under the Scheme;
- Scheme awareness – Promoting the Scheme and managing of complaints with respect to both Customers and Scheme Participants;
- Recycling – Ensuring ongoing, efficient and effective arrangements are available in Western Australia for empty Eligible Containers to be collected, sorted, processed and recycled; and
- Scheme Integrity – Ensuring payments and reporting are verified and the Scheme is free from fraud.

The aim of the Containers for Change Scheme is to:

- Assist with the Diversion from landfill
- Reduction of litter
- Increase the recovery and recycling of beverage containers
- Creation of employment
- To provide opportunities for social enterprise and benefits to the community organisations and clubs.

It is estimated that approximately 1,800 million beverage containers were used in Western Australia in 2017 and the Scheme aims to reduce waste and improve recycling by encouraging the collection and recycling of beverage containers by providing incentives in the form of refund amount (initially 10 cents) on the return of an Eligible Container to a collection point for empty containers. The Scheme will apply to most beverage containers between 150mL and 3L in size.

The scheme works by Clubs or individuals signing up for a scheme ID which is a simple online process. Every eligible container will receive a 10c refund that will be paid into the bank account attached to the scheme ID or it can be paid in cash at the refund point.

The two types of refund points that will be available within the Shire of Ashburton are Main Depot Refund Points, this allows customers to return containers and get refunds on the spot. Containers are counted by staff or by machine. A refund is provided in cash, via electronic funds transfer (EFT) using your scheme ID or donated to a community group or charity.

The other type of refund point is a Pop-up Refund Points - These provide a scheduled service where refund point operators meet customers every week, fortnight or month. They allow customers, community groups and charities to return their containers for a refund either in cash, via voucher or through their scheme ID. Some operators count the containers on the spot, whereas others will take your containers back to their sorting point to count later and process your refund.

North West Recycling (NWR) won the tender to operate in Karratha, Wickham, Onslow and Pannawonica. NWR will open their main recycling centre / aggregation point in Karratha and offer a flexible mobile service in Pannawonica and Onslow. The proposed area of operation is at the Pannawonica Shopping Centre and Onslow Tourist Centre. This will occur on a

**PUBLIC AGENDA - ORDINARY MEETING OF COUNCIL

weekly/fortnightly basis will to consult with the community on the best operating hours, days etc. At this stage they propose a Wednesday 2pm-6pm and Thursday morning 8-12pm.

Ashburton Aboriginal Corporation (AAC) will run the main depot refund point at their premises in Eucalyptus Court in Tom Price and a pop up type collection point will be in Paraburdoo, the Scheme will operate for four hours a fortnight on Saturday Afternoons. AAC run a Work for the Dole Scheme and will employing staff to assist with the collections and sorting.

Once the containers have been returned the refund point operators sort them into material types before a logistics provider transports them to be processed. The containers are then prepared for recycling at the processing facility before accredited recyclers purchase the processed materials which they transform into new containers and products.

Comment

North West Recycling has proposed a Sponsorship Agreement with the Shire to support the purchase of "Blue Bins" to assist the community and businesses participating in the Containers for Change Scheme with no ongoing cost or role to the Shire. Part of this sponsorship includes the donation of \$20,000 to purchase Blue bins.

However, further consideration is required before endorsement of the sponsorship arrangement. It is possible that the blue bins would become contaminated with other waste streams, resulting in them becoming a general waste disposal bin instead of the intended purpose. This may result in eligible deposited containers inadvertently ending up in landfill.
