**6. DECLARATION BY MEMBERS**

**6.1 DUE CONSIDERATION BY COUNCILLORS TO THE AGENDA**

Councillors are requested to give due consideration to all matters contained in the Agenda presently before the meeting.

**6.2 DECLARATIONS OF INTEREST**

**Councillors to Note**

A member who has an Impartiality, Proximity or Financial Interest in any matter to be discussed at a Council or Committee Meeting, that will be attended by the member, must disclose the nature of the interest:

- (a) In a written notice given to the Chief Executive Officer before the Meeting or;
- (b) At the Meeting, immediately before the matter is discussed.

A member, who makes a disclosure in respect to an interest, must not:

- (a) Preside at the part of the Meeting, relating to the matter or;
- (b) Participate in, or be present during any discussion or decision-making procedure relative to the matter, unless to the extent that the disclosing member is allowed to do so under Section 5.68 or Section 5.69 of the *Local Government Act 1995*.

**NOTES ON DECLARING INTERESTS (FOR YOUR GUIDANCE)**

The following notes are a basic guide for Councillors when they are considering whether they have an interest in a matter.

These notes are included in each agenda for the time being so that Councillors may refresh their memory.

1. A Financial Interest requiring disclosure occurs when a Council decision might advantageously or detrimentally affect the Councillor or a person closely associated with the Councillor and is capable of being measure in money terms. There are exceptions in the *Local Government Act 1995* but they should not be relied on without advice, unless the situation is very clear.
2. If a Councillor is a member of an Association (which is a Body Corporate) with not less than 10 members i.e. sporting, social, religious etc), and the Councillor is not a holder of office of profit or a guarantor, and has not leased land to or from the club, i.e., if the Councillor is an ordinary member of the Association, the Councillor has a common and not a financial interest in any matter to that Association.

**MINUTES - ORDINARY MEETING OF COUNCIL  
19 SEPTEMBER 2018**

3. If an interest is shared in common with a significant number of electors or ratepayers, then the obligation to disclose that interest does not arise. Each case needs to be considered.
4. If in doubt declare.
5. As stated in (b) above, if written notice disclosing the interest has not been given to the Chief Executive Officer before the meeting, then it **MUST** be given when the matter arises in the Agenda, and immediately before the matter is discussed.
6. Ordinarily the disclosing Councillor must leave the meeting room before discussion commences. The **only** exceptions are:
  - 6.1 Where the Councillor discloses the **extent** of the interest, and Council carries a motion under s.5.68(1)(b)(ii) or the *Local Government Act*; or
  - 6.2 Where the Minister allows the Councillor to participate under s.5.69(3) of the *Local Government Act*, with or without conditions.

**Declarations of Interest provided:**

Item Number/ Name	Type of Interest	Nature/Extent of Interest
<b>12.1 MONTHLY FINANCIALS AND SCHEDULE OF ACCOUNTS PAID</b>		
Mr Rob Paull	Indirect Financial	The nature of my interest is that my spouse is employed by Muzzy's Hardware in Tom Price and the extent of my interest is that my spouse is earning an income from Muzzy's Hardware Tom Price.
<b>17.1 CONCESSION ON CERTAIN RATES IN ONSLOW</b>		
Cr White	Financial Interest	The nature of my interest is direct financial. The extent of my interest is rate payer for three properties in Onslow.

<b>PREVIOUS MEETING REFERENCE:</b>	Agenda Item 11.1 (Minute No. 411/2018) – Ordinary Meeting of Council 14 August 2018

**Summary**

The purpose of this agenda item is to report back to Council on the progress of the implementation of Council decisions.

**Background**

The best practice in governance supports the regular review of Council decisions to ensure that they are actioned and implemented in a timely manner.

**Comment**

Wherever possible, Council decisions are implemented as soon as practicable after a Council meeting. However, there are projects or circumstances that mean some decisions take longer to action than others.

This report presents a summary of the "Decision Status Reports" for Office of the CEO, Corporate Services, Infrastructure Services, Strategic and Community Development and Development & Regulatory Services.

**ATTACHMENT 11.1**

**Statutory Environment**

Section 2.7 of the *Local Government Act 1995* states:

**MINUTES - ORDINARY MEETING OF COUNCIL  
19 SEPTEMBER 2018**

*“Role of council*

- (1) *The council —*  
*(a) governs the local government’s affairs; and*  
*(b) is responsible for the performance of the local government’s functions.*
- (2) *Without limiting subsection (1), the council is to —*  
*(a) oversee the allocation of the local government’s finances and resources; and*  
*(b) determine the local government’s policies.”*

The above section of the Act notwithstanding, there is no specific legal requirement to present such a report to Council or for Council to receive or consider such a report. Given it is always ‘received’, it could simply be provided to elected members via weekly or monthly updates, such as in the weekly Information Bulletin. The decision to retain the report in the Council’s monthly agenda is entirely Council’s prerogative. Staff acknowledge the critical and ongoing nature of the document, in that Council ‘speaks by resolution’.

**Summary**

The purpose of this agenda item is to report to Council for information, use of the Common Seal, actions performed under delegated authority requiring referral to Council and a copy of the Tender Register, for the month of August 2018.

**Background**

Council has historically sought a monthly update of the more significant activities for the organisation relative to (1) use of the Common Seal, and (2) actions performed under delegated authority requiring referral to Council as per the Shire of Ashburton Delegated Authority Register 2018.

**Comment**

A report on use of the Common Seal, relevant actions performed under delegated authority and the Tender Register has been prepared for Council.

**Summary**

In accordance with *Regulation 34 of the Local Government (Financial Management) Regulations*, the Shire is to prepare a monthly Statement of Financial Activity for consideration by Council.

The Financial Reports for August 2018 are presented with comments on variances for Actuals to 2018/19 Budget amounts. A Capex Tracker is also presented.

**Background**

*Regulation 34 of the Local Government (Financial Management) Regulations* requires the Shire to prepare a monthly statement of Financial Activity for Consideration by Council.

**MINUTES - ORDINARY MEETING OF COUNCIL  
19 SEPTEMBER 2018**

**Comment**

Council adopted the 2018/19 Budget on 26 July 2018. Following this rates schedules and notices as well as service charges (Pilbara Underground Power Project) were issued via post and email on 8 August 2018. As at 31 August 2018 approximately \$7.5M in receipts have been received. As a result the availability of investment funds has increased with term deposits now established at the ANZ, Commonwealth and Bendigo & Adelaide Banks. The Cash and Investment note provides a schedule of amounts invested.

Finance staff are currently preparing the 2017/18 Financial Statements – Moore Stephens, the Shires auditors are due for an onsite visit on Tuesday 30 October 2018. As part of the Statements preparation revaluation of the Shire’s Infrastructure Assets has been undertaken as required by section *Local Government (Financial Management) Regulation 17A (2)*. As part of the process depreciation expense will not be posted to the 2018/19 accounts until completion of the annual audit.

Capital works are underway for 2018/19 with progress being made on roads (e.g. WANDRRA) and CHUB. A 2018/19 Capex Tracker is now available as part of Monthly Reports.

Projects for 2018/19 include the resurfacing of the Tom Price Netball Courts which were completed during the July 2018 school holidays. The total budgeted allocation for the re-surface and new goal posts was \$147,000 and with final costs of \$90,292 the project was under-budget by \$56,708. Players in the Tom Price Netball Association have enjoyed playing on the new courts especially as part of the recently completed finals. Pictures and Facebook postings are attached.

Financial implications and performance to budget are reported to Council on a monthly basis.

### **Strategic Implications**

Shire of Ashburton 10 Year Community Strategic Plan 2017-2027

Goal 5 – Inspiring Governance

Objective 4 – Exemplary Team and Work Environment

### **Risk Management**

This item has been evaluated against the Shire of Ashburton’s Risk Management Policy CORP5 Risk Matrix. The perceived level of risk is considered “Low” risk and can be managed by routine procedures, and is unlikely to need specific application of resources.

The predominant strategic financial risk that the Council still faces is the pending formal objections to the valuation on the Wheatstone Plant and Barrow Island Plant. The formal objection to the Wheatstone plant refers to 2016/17 and 2017/18 valuations whilst the Barrow Island objection was made in November 2017. Wheatstone is Assessment No. A51628 and has an Unimproved Valuation (UV) of \$17,593,500 with rates levied for 2017/18 of \$6,728,933. Barrow Island is Assessment No. A6413 and has a UV of \$13,808,000 with rates levied for 2017/18 of \$5,281,104.

In Chevron’s objection their submitted opinion as to the correct UV’s for the two properties are: (i) Wheatstone \$6,572,500; and (ii) Barrow Island \$2,612,500. An objection has been lodged with the State Administrative Tribunal (SAT) with the full hearing to be held on 25 and 26 September 2018. Should the decision be unfavourable to Council the maximum quantum of liability will be around \$17.5M based on the abovementioned.

To help mitigate the risk with this formal objection Council retains a cash backed Financial Risk Reserve (FRR) with a forecast balance at the end of the financial year (subject to no adverse appeals) of \$12.5M. It should be noted the difference between the maximum quantum of liability and budgeted balance held in the FRR is due in part to the less than likely outcome that Chevron’s submitted opinion will be fully instigated. In other words should the SAT ruling be unfavourable it is probable the re-valuations for each property will ‘land’ somewhere in the middle of VGO and Chevron figures.

Also as to the difference between the maximum quantum of liability and budgeted balance held in the FRR, limitations apply to annual reserve transfers from Municipal funds beyond those currently budgeted for i.e. more than 2018/19 budgeted \$6M. A transfer of funds upwards of \$6M would further restrict, beyond current levels, the amount of municipal funds available for Council to implement its Long Term Financial Plan.

This major risk is categorised as potentially *extreme* on the Council’s adopted risk management framework and thresholds due to the potential risk being greater than \$5M of current year and a comparable amount to future revenues.

**Summary**

At the Ordinary Meetings of Council (OCM) on 20 August 2014 and 15 October 2014, Council endorsed a list of potential street names to be used at Barrada Estate and elsewhere in Onslow. With the creation of a reserve for the Pilbara Regional Waste Management Facility, progressing a name is required for the access road which will intersect with Onslow Road.

To ensure the most appropriate names are aligned to the relevant location, proposed names are to be referred to Council for final approval. The remaining names from the 2014 approved list are presented for Council to determine the preferred name.

**Background**

At the OCM on 20 August 2014, Council approved a list of 61 potential street names, including a mix of Indigenous and European names. These potential street names were endorsed on the basis that Council approve the selection prior to the names being submitted to the Geographic Names Committee. At the OCM on 15 October 2014, Council approved an additional 20 European names for use at Barrada Estate or elsewhere in Onslow.

The Pilbara Regional Waste Management Facility will be located within the current Lot 150, approximately 36km south of Onslow, on Onslow Road. Site studies, assessment and approvals are progressing with construction programmed to commence in May 2019.

The 432.985ha required for the Pilbara Regional Waste Management Facility is to be subdivided from Lot 150, with this new lot comprising a Crown reserve with a Management Order to be granted to the Shire of Ashburton for the purpose of "Waste Disposal Site". As the new lot has no direct public road access, the Deposited Plan will create an access road

linking it to Onslow Road. Prior to dealing with the Deposited Plan to create the new lot and road, the Geographic Names Committee require the submission of an acceptable road name. It is proposed that this name be selected from Council's list of previously nominated road names. Given that the only purpose for the new road is to access the Shire's new landfill site, it is considered inappropriate to use a Thalanyji name, and so the remaining names from the 2014 approved lists are:

<b>Proposed Name</b>	<b>Relationship to District</b>
Badock	Street name from Old Onslow. Former Resident Magistrate.
Dunsboro	Street name from Old Onslow. Sir Arthur Onslow's Uncle's parish name.
Higham	Harold Higham – Pioneer/Pastoralist who was on the Road Board at Old Onslow and also built the Nanutarra Homestead.
Merrow	Street name from Old Onslow. The Onslow family regarded itself as a Surrey family. Merrow was a parish in the second division of the Hundred of Woking in the patronage of the Earls of Onslow.
Crawford	Alan Edward Crawford 12/02/1953 – 09/09/2013 Alan's first 6 years of life were spent at Red Hill station with his parents Ted and Sally Crawford and siblings Lawrence, Irene and Kaye before being sent south for his education, and boarding with his favourite Aunt. With his school years behind him he returned to Station life for a while before venturing out to start work for Pioneer Concrete at Pannawonica. He moved to Perth with the Company where he met his first wife Vicki. They took a year off, touring around Australia before coming back to work on the family property at Red Hill until it was sold. They then made Onslow their home when Alan got a job with the Shire on the road gang. They raised a family of three sons, Danny, Guy and Rory. Alan worked for the Shire for the next 36 years until his death in 2013. Many of his friends suggested that he have a street named after him due to his long service and commitment to the Shire. This would be a fitting tribute to Alan.
Cane	Charles Cane had the Cane River named after him circa 1866.
Stewart	Eleanor and John Stewart were at Yanrey Stn 1890s Eleanor is buried at Old Onslow.
Blair	Ian Blair 10/10/1929 – 23/10/1997. Ian grew up on Meentheena Station out of Marble Bar. He became a Policeman and served at Marble Bar and Wittenoom before coming to Onslow in 1959 with his wife Val and children David, Lynette and Ross. He was a great bush Policeman and after quitting the police force so he could stay in the Pilbara, he became a stalwart of the Onslow community. He was the town's official funeral director, marriage celebrant, justice of the peace, second hand goods and marine dealer, motor wrecker and gas agent. He was a fisherman, skippered boats, represented various companies and ran his own rock, bottle and shell museum from a large shed at the front of his house in 3rd Avenue which was a popular tourist attraction. He was founder of the Onslow St John Ambulance Service and the instigator of getting the Goods Shed Museum up and running. Suffice to say

**Comment**

As the list of Council-approved road names has not been considered or approved by the Geographic Names Committee (GNC), it would be sensible to select and submit up to four possible names in case some are determined unacceptable under the GNC Guidelines.

Should Council be unhappy with the remaining names and wish to nominate alternatives, it is suggested that several be selected to ensure that if any of the names are deemed unsuitable by the GNC for any reason (for example; insufficient history or meaning or there are two street names that are considered to be too similar) another Council resolution is not required to allow the consideration process to continue.

**Summary**

Council has adopted the Fees and Charges for 2018/19, however clarification is required in relation to the description of unsorted and sorted load and fee associated with the disposal of tyres.

**Background**

Contained within the 2018/19 Fees and Charges is a description relating to unsorted and sorted loads that has the words "*Construction and Demolition*". This wording is causing confusion with respect to the disposal of items from domestic properties by contractors.

In addition, 2018/19 Fees and Charges provides for two fees applicable to the disposal of car tyres depending if the tyres are attached to rims or not. This description also is causing confusion.

**ATTACHMENT 15.1**

**Comment**

Unsorted and Sorted Loads

Currently the 2018/19 Fees and Charges includes as follows:

**"DISPOSAL CHARGES**

*Waste Disposal Facilities*

- *Unsorted - Construction and Demolition Waste. This includes mixed loads of waste from construction sites. Definition of sorted - more than 10% of the load has material that could be removed and stockpiled;*

**MINUTES - ORDINARY MEETING OF COUNCIL  
19 SEPTEMBER 2018**

- *Sorted – Construction and Demolition Waste. This includes concrete, bricks, rubble rocks, soil and sand, timber, plastic (PVC etc), plaster board. Definition of sorted - Less than 10% of the load has material that could be removed and stockpiled”;*

It is requested that for clarity, the reference to Unsorted and Sorted Loads be amended to read as follows:

- *“Unsorted - This includes waste from domestic properties removed by commercial operators and includes putrescible waste, concrete/bricks/tiles, pallets, paper including magazines / glossy paper, cardboard or any other item. (Definition of Unsorted - more than 10% of the load has material that could be removed and stockpiled)”*
- *“Sorted - This includes waste from domestic properties removed by commercial operators and includes putrescible waste, concrete/bricks/tiles, pallets, paper including magazines / glossy paper, cardboard or any other item. (Definition of Sorted - Less than 10% of the load has material that could be removed and stockpiled)”*

Car, motorbike and light vehicle tyres

Currently the 2018/19 Fees and Charges includes as follows:

G/L Code	Description	Basis of Charge	Fee/Charge 2018/19
102613	Car, motorbike and light vehicle tyres (with or without rims) – Commercial and Domestic Charges apply	each	\$16.65
102613	Tyres-with rims removed (cars and trucks)	each	\$20.50

It is requested that for clarity, the reference to car, motorbike and light vehicle tyres be amended to:

- read as follows: *“Car, motorbike and truck tyres - rims must be removed”*; and
- only have one fee for the disposal of tyres at \$20.50 each tyre.

As the fee is to be changed, local public notice of the changes is required. It is noted that the change in fee will take effect from the date of the public notice.

**Summary**

This is the initial report of four reports to be tabled at Council throughout 2018/19 Financial Year pertaining to a Quarterly review of Infrastructure Services Capital Work (CAPEX) program throughout the Shire of Ashburton.

**Background**

In October 2010 the Integrated Planning and Reporting Framework (IPRF) and Guidelines for all Local Governments was introduced in Western Australia, under changes to the *Local Government Act 1995* (Refer to Statutory Environment of this report). This framework aims to ensure integration of community priorities into strategic planning for Councils, as well as implementation of the objectives that have been set from these priorities.

The framework requires each Local Government to have three levels of integrated strategic planning, informed and supported by appropriate resourcing and asset management plans. The key components of the IPRF are:

- Strategic Community Plan;
- Corporate Business Plan;
- Long Tern Financial Plan;
- Asset Management Plan;
- Workforce Plan; and
- Budget.

Subsequently, this report is part of the Annual Reporting Plan and Informing Strategies for Service and Budget purpose of achieving a vision for the community and regional stakeholders.

## MINUTES - ORDINARY MEETING OF COUNCIL 19 SEPTEMBER 2018

This framework also builds in reporting requirements to ensure transparency and the demonstration of planned achievements.

All operational planning and reporting is conducted quarterly and annually through the Shire's Annual Reports to ensure priorities are achievable and effectively timed, while the financials are detailed within the Shire's Annual Budget or Long Term Financial Plan.

### ATTACHMENT 15.2

#### Comment

The Infrastructure Services Capital Works Program for 2018/19 Budget is part of the IPRF structure, for both Informing Strategies/Measurements and Reporting. This document is part one of four Infrastructure Services Capital works reports to be presented to Council throughout 2018/19 financial year.

It should be noted this is a "Living Document" that can be adapted and responds to various changes such as the current Twitchen Road works Project with Roads to Recovery Funding.

Subsequently there may be changes to each report depending on unforeseen circumstances such as resource allocation, funding, adverse weather and changing priorities.

In addition, the development of the 2019/20 CAPEX Programme will be developed in accordance with a one to fifteen year Strategic Plan with further reports to Council for adoption pertaining to:

- Drainage – Report to Council September 2018/19;
- Rural Roads – Report to Council December 2018/19;
- Urban Roads – Report to Council December 2018/19;
- Footpaths – Report to Council February 2019/20; and
- Street Tree Strategy – Report to Council March 2019/20.

This is to ensure the Community receives "value for money" and builds organisational and resource capabilities to meet and improve the community's needs throughout the Shire of Ashburton.

## MINUTES - ORDINARY MEETING OF COUNCIL 19 SEPTEMBER 2018

### Summary

Shire of Ashburton is currently upgrading the existing core Asset Management plans prepared by consultants in early 2018. This will include a comprehensive 15 year renewal works program and conditionally modelling for each asset class such as stormwater, roads, footpaths etc.

Subsequently, this report is the first stage of developing a 15 year renewal works program and conditional modeling of the Shire of Ashburton stormwater drainage assets.

However recent investigation has identified that more than 35% of the inspected drainage pipe network has blockages and is severely affecting the efficiency of the network. Therefore in order to prepare the Asset expansion program for 2018/19 we have to clean the debris accumulated in the existing drainage network.

It is recommended to reallocate a total \$400,000 for Jet cleaning and Stormwater modelling out of Capital Works GL19038 Drainage Renewal Program at \$856,900 into GL11024070 Works Prog/Urban Stormwater Drainage.

This will leave the remaining \$456,900 for the stormwater modelling and renewal of the stormwater drainage assets for this financial year.

### Background

Council adopted its first Asset Management Strategy in September 2017 to comply with the legislative requirements and Integrated planning and reporting framework (IPRF) structure. One of the recommendations of the Asset Management strategy adopted previously was to prepare Asset Management Plans for each class of the assets.

In 2017/18, administration engaged consultants to develop the Core Asset Management Plans for each asset class that complies with the legislative requirements and IPRF structure.

The comprehensive Asset Management Plan for stormwater drainage will provide the information to make an informed decision regarding the future expansion and capital renewal work. One of the noticeable features of the comprehensive Asset Management Plan will be the 15 years integrated long term renewal and expansion works programs that will assure the delivery of the agreed level of service to the community. Administration will be preparing those plans over the next 12 months.

Infrastructure Services is currently working on the Asset Management Plan for stormwater Drainage and recently completed its three years CCTV inspection program. This program has delivered the extensive survey of the stormwater conduits/pipes which is essential to identify the existing stormwater drainage condition. This also enables Council, to undertake modelling of the existing assets applying the principle of asset deterioration as it is consumed.

The four key issues identified in the recent CCTV inspections and subsequent investigation regarding the stormwater drainage are as follows:

1. More than 35% of the stormwater conduit has debris accumulated on it;
2. Lack of knowledge regarding the existing and potential capacity of the pipes network to work efficiently in the event of a major rainfall event;
3. Towns are isolated thus cannot integrate the stormwater into one network;
4. Inconsistence rainfall intensity across the various town of the Shire
  - o 100 years of rainfall events in Tom Price occurs every 20 years in Onslow and
  - o 100 years of rainfall events in Paraburdoo occurs every 15 years in Onslow.

## MINUTES - ORDINARY MEETING OF COUNCIL 19 SEPTEMBER 2018

Following the CCTV inspection and condition assessment of the stormwater network, Asset Management conducted the predictive modelling of the condition of the stormwater drainage and it was identified that Council needs to allocate \$640,000 on average per year for next 15 years to renew the existing stormwater drainage network relying on the condition of the assets.

However, the estimated renewal budget is subject to change depending upon the recommendation of the stormwater modelling report and availability of the budget in the subsequent years. Prediction modelling is attached.

### ATTACHMENT 15.3

#### Comment

Poor maintenance practice and accumulation of the silts and debris on the stormwater conduits/pipes has reduce the capacity and the efficiency of the stormwater drainage significantly. This debris shall be removed and cleaned immediately to improve the productivity of the stormwater network. The preliminary estimation for Jet cleaning activity for a blocked stormwater pipes network is expected to cost council \$400,000. The existing Operation and Maintenance budget do not have any provision for jet cleaning of the drainage network.

The recent CCTV inspection report has provided the comprehensive information to do the prediction modelling and the preparation of 15 years renewal works program of the existing assets. However, lack of the stormwater modelling and expert advice from the Hydraulics Engineer, it is extremely difficult to make an informed decision that if the existing stormwater drainage network have enough capacity to operate efficiently in the occasion of higher rainfall events like 1 in 50 or 100 yrs. events. Replacing the existing old stormwater conduit/pipes do not work efficiently if the discharge is related to the capacity of the section. This modelling will identify those sections where capacity is an issue to discharge the water in extreme rainfall events.

It will also provide us 15 years stormwater drainage expansion project which will be incorporated in the Comprehensive Asset Management Plan. This also provide us an opportunity to revise the existing renewal program with the recommended dimension of the stormwater assets in the report.

However, without cleaning the blockages on the pipe network and lack of further investigation modelling regarding the capacity of the existing stormwater drainage network, it will not be a practical to renew the existing drainage structures. Thus, it is recommended to split the existing drainage renewal budget and allocate \$400,000 for Jet cleaning activity. This will leave the remaining \$456,900 for stormwater modelling for Onslow, Tom Price and Paraburdoo and stormwater renewal projects 2018/19.

**Summary**

A Request for Quotation (RFQ) was issued via the WALGA eQuotes platform to the Panel of Prequalified suppliers on contract NPN 04-13 'Trucks & Associated Equipment'.

Quotes were sought from the WALGA panel with responses from the following suppliers being:

- 1: BT Equipment Pty Ltd (T/A Tutt Bryant Equipment);
- 2: Conplant Pty Ltd;
- 3: G.C.M Agencies Pty Ltd;
4. JCB Construction Equipment Pty Ltd;
5. Semco Equipment Sales PTY Ltd; and
6. Westrac Pty Ltd;

The evaluation panel has now completed its assessment of the submissions and makes their recommendation.

**Background**

The 2018/19 Budget provides for a new to fleet (not a replacement plant) Multi Tyre Road Roller to be utilised within the Shire's Rural Road Maintenance Program. This is an approved 2018/19 Capital Expenditure under General Ledger account 124957.

The Shire's existing Multi Tyre Roller is deployed full time to the Onslow Aerodrome and remains in the Plant Replacement Program, however due to its reduced operational duties its life cycle has been extended.

**MINUTES - ORDINARY MEETING OF COUNCIL  
19 SEPTEMBER 2018**

The selection criteria were as per the criteria in FIN12 Purchasing Policy for Category 1: PLANT (Generally vehicles, machinery, small and large plant).

The selection criteria was:

(b)	Quality/Lifecycle/ Maintenance	40%
(c)	Price	50%

The evaluation panel then assessed the submissions against the selection criteria and value for money. The evaluation spreadsheet, including the scope, overall evaluation scores and rankings, is attached as a confidential item.

**CONFIDENTIAL ATTACHMENT 15.4**

**Comment**

The submissions have been assessed with the below scores and rankings:

Rank	Tenderer	Score (/100)
1	BT Equipment (T/A Tutt Bryant Equipment)	89.3
2	Complaint Option 1	74.8
3	JCB Constructions Option 1	71.3
4	Complant Option 2	67.4

**Risk Management**

This item has been evaluated against the Shire of Ashburton’s Risk Management Policy CORP5 Risk Matrix. The perceived level of risk is considered to be “Moderate” (consequences “extreme”, likelihood “rare”). This level of risk is being driven by the fact that high risk work is proposed to be undertaken in an urban environment, and the fact that prolonged interruption of services may result from delays to the works. It is considered that the likelihood of a risk event occurring is “rare” but it will be managed by specific monitoring and response procedures.

That Council:

1. Is disappointed with the NBN roll-out across Paraburdoo and Tom Price with some properties still unable to access the service.
2. Ask the CEO to write to the NBN Co asking how this is being addressed - as it is affecting resident and business customers across the two towns, example Yanagin Place (no connections as I understand it) Pilkena St (some properties not all) and Croton St (some properties not all).
3. Seeks a response from NBN in relation to providing a more secure internet service for Onslow that does not rely upon Skymuster satellite connection.

The Shire President noted that this matter would be referred to officers for a report, which will be put before Council at the earliest reasonable opportunity.

**Summary**

The Shire has received numerous complaints concerning rate rises in Onslow, largely due to the removal of the previous rate concession.

**Background**

Council adopted the 2018/19 Budget on 26 July 2018 and in doing so, removed the rate concession for certain residential properties in Onslow. The result has been a significant number of concerns from ratepayers expressing financial hardship where their rates have in some circumstances, risen many thousands of dollars.

**Comment**

Each year, when proposing the imposition of rates, Council must:

1. Ensure compliance requirements of the *Local Government Act 1995* ("the Act") are met, in particular section 6.36 and 6.47 in relation to public notification and granting concessions respectively; and

## MINUTES - ORDINARY MEETING OF COUNCIL 19 SEPTEMBER 2018

2. Follow Rating Policy (“the Policy”) guidelines as set out by the Department of Local Government Sport and Cultural Industry.

Further to this, when proposing the imposition of rates, the Act and the Policy both require Council acknowledge and consider:

- a. Strategic Planning documents including Council’s Rating Strategy; and
- b. Any submissions received from the public prior to adopting the schedule of rates.

At the Ordinary Meeting on 19 June 2018, Council ensured its Rating Strategy had been acknowledged and considered - the Rating Strategy was adopted by Council on 23 May 2017 and at that time public notice was given for 21 days inviting comment. Importantly the Rating Strategy made clear reference to the Onslow residential concession being discontinued at the next revaluation date (i.e. for 2018/19).

In relation to inviting submissions, Council advertised on 22 June 2018 in both the West Australian newspaper and local notice boards. The Act is not prescriptive in terms of what the advertisement should disclose other than inviting submissions and making available a Statement of Objects and Reasons (“the Statement”) outlining why Council intends to impose the rates schedule. For 2017/18 the Statement made reference to Councils intention to apply concessions for Residential properties - for 2018/19 the Statement reference was removed.

As well as adhering to the Act and the Policy for 2018/19 Elected Members held workshops and information sessions at their Ordinary Meetings on 22 May 2018 and 19 June 2018. Although these sessions were not open to the public they did enable Councillors an opportunity to understand, on behalf of their constituents, the important factors for 2018/19 rates, including the removal of residential concessions as well as the impact on rates notices of significant fluctuations to land valuations.

Council is very serious about being compliant and diligent in its rates process. However, given the severe impact the rates notices have had on residences and businesses this year, Council may consider various options to alleviate some of the financial burden for ratepayers struggling to find the means to deal with this year’s significant increase. It is open to Council to consider a further ‘temporary’ concession for certain ratepayers in Onslow. On this basis, Council may wish to consider the suitable concession as a percent. The recommended concession is 10%.

### **Statutory Environment**

The *Local Government Act 1995* following sections apply:

- S 6.32 provides Council with the power to apply rates to property;
- S 6.47 indicates that a local government may resolve to waive or grant a concession for a rate or service charge (absolute majority required). In addition, Regulation 69A of the Local Government (Financial Management) Regulations 1996 also specifies that a local government cannot use its powers under section 6.47 LGA based on whether or not the land is occupied by a person who owns the land (so called absentee owner clause);

*Local Government (Financial Management) Regulations 1996 Part 5.*

**MINUTES - ORDINARY MEETING OF COUNCIL  
19 SEPTEMBER 2018**

**Financial Implications**

An additional concession would have the following impact on the 2018/19 Budget:

1. 5% concession - the maximum amount to be granted is \$23,500 were all property holders to apply;
2. 10% would be \$47,000; and
3. At 15% the amount is \$70,500 - however one ratepayer, if granted the concession will effectively pay less rates in 2018/19 than in 2017/18.

Beyond 15% therefore we would likely see some ratepayers paying less rates than prior year.

Officers Recommendation

That with respect to the 2018/19 Differential Rates and to acknowledge the significant rates increases experienced by some ratepayers:

1. Council exercise its authority per Section 6.47 of the *Local Government Act 1995*, and grant a concession upon application to alleviate the financial burden for those property holders satisfying all four of the following eligibility criteria:
  - a. Properties in the ‘GRV Residential / Community’ rating category;
  - b. Properties located in the town-site boundary of Onslow;
  - c. Property holders with ownership of no more than two residential / community properties; and
  - d. Property holders with a 2018/19 rates increase of more than \$400 and /or 30% on 2017/18 rates payable.
2. Authorise the Chief Executive Officer to grant the concession of up to 10% of rates payable upon application after consultation with qualified property holders up to seventy days from initial advertising and waive interest for the period of concession.
