4. PUBLIC QUESTION TIME

5. DECLARATION BY MEMBERS

5.1 DUE CONSIDERATION BY COUNCILLORS TO THE AGENDA

Councillors are requested to give due consideration to all matters contained in the Agenda presently before the meeting.

5.2 DECLARATIONS OF INTEREST

Councillors to Note

A member who has an Impartiality, Proximity or Financial Interest in any matter to be discussed at a Council or Committee Meeting, that will be attended by the member, must disclose the nature of the interest:

- In a written notice given to the Chief Executive Officer before the Meeting or:
- (b) At the Meeting, immediately before the matter is discussed.

A member, who makes a disclosure in respect to an interest, must not:

- (c) Preside at the part of the Meeting, relating to the matter or;
- (d) Participate in, or be present during any discussion or decision-making procedure relative to the matter, unless to the extent that the disclosing member is allowed to do so under Section 5.68 or Section 5.69 of the Local Government Act 1995.

NOTES ON DECLARING INTERESTS (FOR YOUR GUIDANCE)

The following notes are a basic guide for Councillors when they are considering whether they have an interest in a matter.

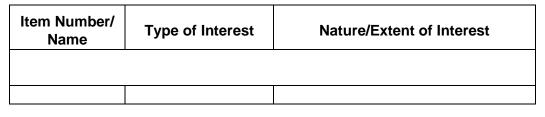

These notes are included in each agenda for the time being so that Councillors may refresh their memory.

- 1. A Financial Interest requiring disclosure occurs when a Council decision might advantageously or detrimentally affect the Councillor or a person closely associated with the Councillor and is capable of being measure in money terms. There are exceptions in the Local Government Act 1995 but they should not be relied on without advice, unless the situation is very clear.
- 2. If a Councillor is a member of an Association (which is a Body Corporate) with not less than 10 members i.e. sporting, social, religious etc), and the

Councillor is not a holder of office of profit or a guarantor, and has not leased land to or from the club, i.e., if the Councillor is an ordinary member of the Association, the Councillor has a common and not a financial interest in any matter to that Association.

- 3. If an interest is shared in common with a significant number of electors or ratepayers, then the obligation to disclose that interest does not arise. Each case needs to be considered.
- 4. If in doubt declare.
- 5. As stated in (b) above, if written notice disclosing the interest has not been given to the Chief Executive Officer before the meeting, then it <u>MUST</u> be given when the matter arises in the Agenda, and immediately before the matter is discussed.
- 6. Ordinarily the disclosing Councillor must leave the meeting room before discussion commences. The **only** exceptions are:
- 6.1 Where the Councillor discloses the <u>extent</u> of the interest, and Council carries a motion under s.5.68(1)(b)(ii) or the Local Government Act; or
- 6.2 Where the Minister allows the Councillor to participate under s.5.69 (3) of the Local Government Act, with or without conditions.

Declarations of Interest provided:

6. ANNOUNCEMENTS BY THE PRESIDING MEMBER WITHOUT DISCUSSION

7. BUSINESS

7.1 ADOPTION OF 2017/18 ANNUAL BUDGET

PREVIOUS MEETING REFERENCE:	Agenda Item 13.2 (Minute No. 197/2017) – Ordinary Meeting of Council 18 July 2017 Agenda Item 7.1 (Minute No. 32/2017) – Special Meeting of Council 28 July 2017

Summary

The Annual Budget for the year ended 30 June 2018 has been workshopped in conjunction with Ordinary Meetings of Council (OMC) held in May, June and July 2017.

The Statutory form of the Budget has now been finalised, taking into account Council's input at these workshops. The document is now submitted to Council for formal adoption.

Background

The 2017/18 Annual Budget has been prepared based on the principles contained in the Long Term Financial Plan as well as taking into account substantive matters raised in Council workshops at its May, June and July 2017 OMC.

The 2017/18 Fees and Charges were adopted at the June and July OMC.

The proposed differential rates are as approved by Council on 21 August 2017 after previously being advertised for 21 days seeking public comment with only one submission. This was then sent to the Minister seeking approval for its application.

After considering our submission and request, the Council has received approval from the Minister for the Department of Local Government, Sport and Cultural Industries for a rate increase from 2016/17 rating levels of 1.75% on GRV (Residential/Community and Commercial/Industrial/Tourism) and a nil increase on UV Pastoral UV Tourism and UV

Industrial). The average rate in the dollar increase from 2016/17 is 0.875% therefore across all sectors.

Comment

The budget has been prepared to include information required by the Local Government Act 1995, Local Government (Financial Management) Regulations 1996 and Australian Accounting Standards. The main features include the following:

A Capital Works program totalling \$70.4m features:

Capita	al Works progi	ram	totalling \$70.4m features:	
•	Paraburdoo (Con	nmunity Hub (CHUB)	\$15.4m
٠	 Onslow Class iv Regional Waste Facility 			\$12.9m
•	WANDRRA Roadworks			\$10.5m
•	Onslow Aero	droi	me	\$ 5.0m
•	Staff Housing	3		\$ 3.0m
•	Onslow Towr	n Ce	entre Development	\$ 3.0m
•	Pilbara Unde	rgro	ound Power Project PUPP	\$ 1.8m
•	Roadworks	-		
		0	Roebourne Wittenoom Road	\$3.20m
		0	Unsealed Rural Road Resheeting	\$1.50m
		0	Upgrade Stadium Rd Tom Price	\$0.75m
		0	Sealed Roads	\$0.45m
•	Drainage Tourism			\$1.70m
		0	Onslow Boardwalk	\$0.50m
		0	Para Info Bay	\$0.40m
		0	Tom Price Tourist Bay	\$0.48m
		0	Tom Price & Pannawonica Caravan Park	\$0.19m
• 5	Sports Clubs a	and	Associations	
		0	Cricket Pitches	\$0.15m
		0	Onslow Bowling Club Green	\$0.32m
		0	Onslow Swimming Pool Construction	\$0.05m
		0	Pannawonica BMX Facility	\$0.07m
		0	Tom Price Diamond Club Air Conditioner	\$0.04m
		0	Paraburdoo and Tom Price Disc Golf	\$0.03m
		0	Paraburdoo Tennis Court	\$0.10m
		0	Paraburdoo Netball and Basketball	\$0.30m
		0	Tom Price Bowls Club	\$0.50m
		0	Tom Price Netball & Basketball	\$0.07m
		0	Tom Price Pool	\$0.07m
		0	Tom Price Squash Courts	\$0.08m

Government Grants and other Contributions from the following sources are included:

WANDRAA	\$10.5m
 Building Better Regions Fund 	\$ 9.1m
RTIO for CHUB	\$ 5.6m
 Royalties for Regions for CHUB 	\$ 5.0m
 Roads to Recovery 	\$ 1.2m
Regional Road Group	\$ 2.1m
Chevron	\$1.8m

SPECIAL MEETING OF COUNCIL 30 AUGUST 2017

The budget also includes borrowings for:

- \$1.0m to assist fund the PUPP in Onslow; and
- \$1.1m to assist fund the CHUB in Paraburdoo.

The 1.75% increase in the rate in the dollar for most properties (GRV) is consistent with forecast inflations rates and local government cost indexes and despite a number of external cost pressures impacting on the Shire including increasing State Government fees and charges.

The average 0.875 increase in the arte in the dollar across all sectors is obviously below those indexes however complies with the approval provided from the Department of Local Government, Sport and Cultural Industries and acknowledges that there has been growth in the UV valuations to offset this.

Another important feature of this budget is the various ongoing efficiency gains, business and or service improvement changes either made by the organisation prior to budget adoption and or planned for the coming year in the following areas:

- o reductions in consultancy costs \$300,000;
- o reductions in Learning and Development costs \$200,000;
- reductions in Insurance costs based on a performance based premium approach - predicted to be up to \$200,000 per annum;
- o reviewing the need for and remuneration of each position as vacancies arise;
- reducing leased properties required for staff housing stock through acquisition of strategic assets;
- renegotiating rents downward for staff housing stock where it is required to retain them;
- o disposal of under-utilised light fleet and plant;
- o disposal of surplus minor plant and equipment;
- installation of LED lighting in Onslow reducing ongoing power cost and outages; and
- reduction of one executive management position resulting in estimated direct annual savings of over \$250,000 and;
- construction of a number of new assets as detailed in the Capital Works Program.

Going forward into 2017/18, further efficiencies, yet to be fully quantified, will be made in relation to employee costs in the areas of staff housing rents and, where able, the phasing out of Fly In Fly Out employee contracts. Additionally, a new policy for investments will facilitate a less conservative, yet still prudent, approach to earnings, forecast to collect an additional \$500,000 per annum in interest earnings on 2016/17.

Cash Reserves are forecast to remain at a stable level of \$37m after increasing by \$2m from 2016/17. Noteworthy is the creation of the following new Reserves:

- 1. Financial Risk Reserve to mitigate against Finance Risks including unfavourable SAT rulings;
- 2. A Waste Services Reserve, which will be similar in purpose to the Aerodrome Reserve in funding future Capital Projects;
- 3. A Joint Venture Housing Reserve to meet the requirements of the JV Housing Agreement; and
- 4. A Tom Price Administration Building Reserve to start a funding pool for a future replacement office in Tom Price, pursuant to the Long Term Financial Plan.

SPECIAL MEETING OF COUNCIL 30 AUGUST 2017

Finally, the *My Council* Financial Health Index (FHI) is forecast to remain stable at or around the benchmark rating of 70. In 2015/16 this index slipped back to 67, due to the Operating Surplus and Asset Sustainability ratios performing poorly, due to a heavy reliance on expansion of new assets as compared to spending on preservation of existing assets. The 2017/18 budget has been cast to begin improving these ratios with a budgeted small Operating Surplus factored in, as well as a focus for Capital Expenditure on renewals.

Negative external influences impacting the Council's revenues and costs in 2017/18 have included the following:

- reduction in untied road funds provided by the State Government of \$152,814 from 2016/17 levels; and
- increases in State Government charges in relation to vehicle licensing, power and water charges.

The budget includes the following contributions, sponsorships and donations for signature and other major community events during the year:

- Nameless Jarndunmunha Festival \$75,000; and
- Experience Karijini \$50,000; and
- Passion of the Pilbara \$60,000; and
- Pannawonica Rodeo \$10,000; and
- Tom Price Camp Draft \$10,000; and
- Paraburdoo Red Dirt Rock \$10,000; and
- o Onslow Rodeo \$10,000.

The 2017/18 Budget is shown as **ATTACHMENT 7.1**.

Acting Chief Executive Officer Directors Finance Manager Grants and Budgeting Officer Financial Services Co-ordinator Management Reporting Co-ordinator

Statutory Environment

Section 6.2 of the *Local Government Act 1995* requires that not later than 31 August in each financial year, or such extended time as the Minister allows, each local government is to prepare and adopt, (Absolute Majority required) in the form and manner prescribed, a budget for its Municipal Fund for the financial year ending on the next following 30 June.

The Local Government Act 1995 [Section 5.63 (1)(b)] specifically excludes the need for Elected Members to "Declare a Financial Interest" in imposing a rate, charge or fee. The Section reads as follows:

"5.63(1) Sections 5.65, 5.70 and 5.71 do not apply to a relevant person who has any of the following interests in a matter – (b) an interest arising from the imposition of any rate, charge or fee by the local government;"

Additionally, the declaration provisions of the Act to not apply to Council business reimbursements or to Members sitting fees. Any other interest, be it Financial, Proximity or Impartiality must be declared.

Divisions 5 and 6 of the Local Government Act 1995 refer to the setting of budgets and raising of rates and charges. The Local Government (Financial Management) Regulations 1996 details the form and content of the budget. The 2017/18 Annual Budget as presented meets the statutory requirements.

There is no legislative requirement to re-advertise differential rates, even if they are changed from the advertised figures.

Financial Implications

The 2017/18 Budget has been guided by the Long Term Financial Plan and provides for the following income and expenditure:

Operating Income	\$99,064,719
Operating Expenditure	\$53,143,420
Capital Income	\$18,314,684
Capital Expenditure	\$70,418,399
Gross Turnover	\$123,561,819

Strategic Implications

Officers Recommendation

That Council adopt the 2017/18 Budget, inclusive of the following:

1. For the purpose of yielding the deficiency disclosed by the proposed Municipal Fund Budget and pursuant to sections 6.32, 6.33, 6.34 and 6.35 of the Local Government Act 1995, Council impose the following differential general and minimum rates on Gross Rental and Unimproved Values.

Differential Rate Category	Rate in the	General	Lesser Minimum
	\$	\$	\$
GRV Commercial/Industrial/Tourism	0.051954	1037.50	not applicable
GRV Residential/Community	0.051853	830.00	622.50
UV Pastoral	0.060154	1037.50	not applicable
UV Mining/Industrial	0.382467	1037.50	not applicable
UV Tourism	0.162445	1037.50	not applicable

2. Pursuant to section 6.45 of the Local Government Act 1995 and regulation 64(2) of the Local Government (Financial Management) Regulations 1996, Council adopt the following due dates for the payment or rates by instalments:

- Option 1
 - o Payment in full by a single Instalment, due Friday 20th October 2017
- Option 2
 - o 1st Instalment due Friday 20th October 2017
 - o 2nd Instalment due Thursday 22nd February 2018
- Option 3:
 - o 1st Instalment due Friday 20th October 2017
 - o 2nd Instalment due Thursday 21st December 2017
 - o 3rd Instalment due Thursday 22nd February 2018
 - o 4th Instalment due Monday 23rd April 2018
- 3. Pursuant to section 6.45 of the Local Government Act 1995 and regulation 67 of the Local Government (Financial Management) Regulations 1996, Council adopt an instalment administration charge where the owner has elected to pay rates (and service charges) through an instalment option of \$14 for each instalment after the initial instalment is paid.
- 4. Pursuant to section 6.45 of the Local Government Act 1995 and regulation 68 of the Local Government (Financial Management) Regulations 1996, Council adopt an interest rate of 5.5% where the owner has elected to pay rates and service charges through an instalment option.
- 5. Pursuant to section 6.51(1) and subject to section 6.51(4) of the Local Government Act 1995 and regulation 70 of the Local Government (Financial Management) Regulations 1996, Council adopt an interest rate of 11% for rates (and service charges) and costs of proceedings to recover such charges that remains unpaid after becoming due and payable.
- 6. Rates Concessions, Rates Waivers and Debt Waivers
 - 6.1 Pursuant to section 6.47 of the Local Government Act 1995, provide a concession to GRV Residential/Community properties whose valuations have increased from 2014/15 to 2017/18. The concession to be equivalent to the difference payable between 2014/15 valuations and the proposed 2017/18 GRV Residential/Community properties rate in the dollar (i.e. 0.051853), and 2017/18 valuations and the proposed 2017/18 rate in the dollar.
 - 6.2 Pursuant to section 6.47 of the Local Government Act 1995, provide a 100% waiver to properties leased to Not for Profit Community groups, subject to it being provided for in their lease or being previously waived / applied in the 2016/17 financial year.
 - 6.3 Pursuant to section 6.12 (1)(b) of the Local Government Act 1995, provide debt waiver to the lessee of the Early Child Learning Centre in Onslow, subject to fulfilment of clause 1.1 of the special conditions of Schedule 2 of their lease.
- 7. Pursuant to section 6.13 of the Local Government Act 1995 and regulation 19A of the Local Government (Financial Management) Regulations 1996, Council adopt an

SPECIAL MEETING OF COUNCIL 30 AUGUST 2017

interest rate of 11% for any amount of money (other than rates and service charges) owing to the Local Government that remains unpaid after becoming due and payable.

- 8. Councillor Allowances
 - 8.1 Pursuant to section 5.99 of the Local Government Act 1995 and regulation 30 of the Local Government (Administration) Regulations 1996, Council adopt the following annual fees for payment of elected members in lieu of individual meeting attendance fees:

•	President	\$30,841 pa
•	Councillors	\$23,000 pa

- 8.2 Pursuant to section 5.99A of the Local Government Act 1995, Council adopt the following annual local government allowance for elected members:
 - Information & Communications Technology (ICT) Allowance \$500 pa

Notes:

All fair value adjustments relating to remeasurement of financial assets at fair value through profit or loss (if any) and changes on revaluation of non-current assets are impacted upon by external forces and not able to be reliably estimated at the time of budget adoption.

Fair value adjustments relating to the re-measurement of financial assets at fair value through profit or loss will be assessed at the time they occur with compensating budget amendments made as necessary.

It is anticipated, in all instances, any changes upon revaluation of non-current assets will relate to non-cash transactions and as such, have no impact on this budget document.

This statement is to be read in conjunction with the accompanying notes.

Notes:

All fair value adjustments relating to remeasurement of financial assets at fair value through profit or loss (if any) and changes on revaluation of non-current assets are impacted upon by external forces and not able to be reliably estimated at the time of budget adoption.

Fair value adjustments relating to the re-measurement of financial assets at fair value through profit or loss will be assessed at the time they occur with compensating budget amendments made as necessary.

It is anticipated, in all instances, any changes upon revaluation of non-current assets will relate to non-cash transactions and as such, have no impact on this budget document.

This statement is to be read in conjunction with the accompanying notes.

Page 6

1. SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Preparation

The budget has been prepared in accordance with applicable Australian Accounting Standards (as they apply to local government and not-for-profit entities), Australian Accounting Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board, the Local Government Act 1995 and accompanying regulations. Material accounting policies which have been adopted in the preparation of this budget are presented below and have been consistently applied unless stated otherwise.

Except for cash flow and rate setting information, the budget has also been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

The Local Government Reporting Entity

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this budget.

In the process of reporting on the local government as a single unit, all transactions and balances between those Funds (for example, loans and transfers between Funds) have been eliminated.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 16 to this budget document.

(b) 2016/17 Actual Balances

Balances shown in this budget as 2016/17 Actual are as forecast at the time of budget preparation and are subject to final adjustments.

(c) Rounding Off Figures

All figures shown in this budget, other than a rate in the dollar, are rounded to the nearest dollar.

(d) Rates, Grants, Donations and Other Contributions

Rates, grants, donations and other contributions are recognised as revenues when the Shire obtains control overt the assets comprising the contributions. Control over assets acquired from rates is obtained at the commencement of the rating period or, where earlier, upon receipt of the rates.

(e) Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

(f) Superannuation

The Shire contributes to a number of superannuation funds on behalf of employees.

All funds to which the Shire contributes are defined contribution plans.

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(g) Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks, other short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts.

Bank overdrafts are shown as short term borrowings in current liabilities in Note 4 - Net Current Assets.

(h) Trade and Other Receivables

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

Collectability of trade and other receivables is reviewed on an ongoing basis. Debts that are known to be uncollectible are written off when identified. An allowance for doubtful debts is raised when there is objective evidence that they will not be collectible.

(i) Inventories

General

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Land Held for Resale

Land held for development and sale is valued at the lower of cost and net realisable value. Cost includes the cost of acquisition, development, borrowing costs and holding costs until completion of development. Finance costs and holding charges incurred after development is completed are expensed.

Gains and losses are recognised in profit or loss at the time of signing an unconditional contract of sale if significant risks and rewards, and effective control over the land, are passed on to the buyer at this point.

Land held for sale is classified as current except where it is held as non-current based on Council's intentions to release for sale.

Page 8

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(j) Fixed Assets

Each class of fixed assets within either property, plant and equipment or infrastructure, is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

Initial Recognition and Measurement between Mandatory Revaluation Dates

All assets are initially recognised at cost and subsequently revalued in accordance with the mandatory measurement framework detailed above.

In relation to this initial measurement, cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at no cost or for nominal consideration, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the Shire includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads.

Individual assets acquired between initial recognition and the next revaluation of the asset class in accordance with the mandatory measurement framework detailed above, are carried at cost less accumulated depreciation as management believes this approximates fair value. They will be subject to subsequent revaluation of the next anniversary date in accordance with the mandatory measurement framework detailed above.

Revaluation

Increases in the carrying amount arising on revaluation of assets are credited to a revaluation surplus in equity. Decreases that offset previous increases of the same asset are recognised against revaluation surplus directly in equity. All other decreases are recognised in profit or loss.

Land Under Roads

In Western Australia, all land under roads is Crown land, the responsibility for managing which, is vested in the local government.

Effective as at 1 July 2008, Council elected not to recognise any value for land under roads acquired on or before 30 June 2008. This accords with the treatment available in Australian Accounting Standard AASB 1051 Land Under Roads and the fact Local Government (Financial Management) Regulation 16(a)(i) prohibits local governments from recognising such land as an asset.

In respect of land under roads acquired on or after 1 July 2008, as detailed above, Local Government (Financial Management) Regulation 16(a)(i) prohibits local governments from recognising such land as an asset.

Whilst such treatment is inconsistent with the requirements of AASB 1051, Local Government (Financial Management) Regulation 4(2) provides, in the event of such an inconsistency, the Local Government (Financial Management) Regulations prevail.

Consequently, any land under roads acquired on or after 1 July 2008 is not included as an asset of the Shire.

Page 9

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(j) Fixed Assets (Continued)

Depreciation

The depreciable amount of all fixed assets including buildings but excluding freehold land, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

Major depreciation periods used for each class of depreciable asset are:

Buildings	1-9%	15 to 100 years
Furniture & Fittings	10-25%	4 to 10 Years
Computer Equipment	33.33%	3 Years
Office Equipment	20%	5 Years
Plant & Equipment	6-45%	3 to 15 Years
Motor Vehicles	33%	3-5 Years
Infrastructure - Other	1.50 to 10%	10 to 100 Years
Water Supply Piping & Drainage systems	1%	100 Years
Sewerage Piping	1%	100 Years
Footpaths	2-3%	35-50 Years
Gravel Roads		
Construction/Road Base	1.25%	80 Years
Gravel Sheet	8.33%	12 Years
Formed roads (Unsealed)		30 Years
Construction /Road Base	1.25%	80 Years
Sealed Roads & Streets		
Construction/Road Base	1.25%	80 Years
Major re-surfacing Bituminous Seals	7.14%	14 Years
Asphalt Surfaces	3.3%	30 Years

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in profit or loss in the period which they arise.

Capitalisation Threshold

Expenditure under the thresholds listed below is not capitalised. Rather, it is recorded on an asset inventory listing.

- Land	Nil (All Land Capitalised)
- Buildings	10,000
- Plant & Equipment	5,000
- Furniture & Equipment	5,000
- Infrastructure	10,000

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(k) Fair Value of Assets and Liabilities

When performing a revaluation, the Shire uses a mix of both independent and management valuations using the following as a guide:

Fair Value is the price that the Shire would receive to sell the asset or would have to pay to transfer a liability, in an orderly (i.e. unforced) transaction between independent, knowledgeable and willing market participants at the measurement date.

As fair value is a market-based measure, the closest equivalent observable market pricing information is used to determine fair value. Adjustments to market values may be made having regard to the characteristics of the specific asset. The fair values of assets that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data.

To the extent possible, market information is extracted from either the principal market for the asset (i.e. the market with the greatest volume and level of activity for the asset or, in the absence of such a market, the most advantageous market available to the entity at the end of the reporting period (i.e. the market that maximises the receipts from the sale of the asset after taking into account transaction costs and transport costs).

For non-financial assets, the fair value measurement also takes into account a market participant's ability to use the asset in its highest and best use or to sell it to another market participant that would use the asset in its highest and best use.

Fair Value Hierarchy

AASB 13 requires the disclosure of fair value information by level of the fair value hierarchy, which categorises fair value measurement into one of three possible levels based on the lowest level that an input that is significant to the measurement can be categorised into as follows:

Level 1

Measurements based on quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

Level 2

Measurements based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3

Measurements based on unobservable inputs for the asset or liability.

The fair values of assets and liabilities that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data. If all significant inputs required to measure fair value are observable, the asset or liability is included in Level 2. If one or more significant inputs are not based on observable market data, the asset or liability is included in Level 3.

Page 11

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(k) Fair Value of Assets and Liabilities (Continued)

Valuation techniques

The Shire selects a valuation technique that is appropriate in the circumstances and for which sufficient data is available to measure fair value. The availability of sufficient and relevant data primarily depends on the specific characteristics of the asset or liability being measured. The valuation techniques selected by the Shire are consistent with one or more of the following valuation approaches:

Market approach

Valuation techniques that use prices and other relevant information generated by market transactions for identical or similar assets or liabilities.

Income approach

Valuation techniques that convert estimated future cash flows or income and expenses into a single discounted present value.

Cost approach

Valuation techniques that reflect the current replacement cost of an asset at its current service capacity.

Each valuation technique requires inputs that reflect the assumptions that buyers and sellers would use when pricing the asset or liability, including assumptions about risks. When selecting a valuation technique, the Shire gives priority to those techniques that maximise the use of observable inputs and minimise the use of unobservable inputs. Inputs that are developed using market data (such as publicly available information on actual transactions) and reflect the assumptions that buyers and sellers would generally use when pricing the asset or liability and considered observable, whereas inputs for which market data is not available and therefore are developed using the best information available about such assumptions are considered unobservable.

The mandatory measurement framework imposed by the Local Government (Financial Management) Regulations requires, as a minimum, all assets to be revalued at least every 3 years. Relevant disclosures, in accordance with the requirements of Australian Accounting Standards have been made in the budget as necessary.

Financial Instruments

(I) Initial Recognition and Measurement

Financial assets and financial liabilities are recognised when the Shire becomes a party to the contractual provisions to the instrument. For financial assets, this is equivalent to the date that the Shire commits itself to either the purchase or sale of the asset (i.e. trade date accounting is adopted).

Financial instruments are initially measured at fair value plus transaction costs, except where the instrument is classified 'at fair value through profit or loss', in which case transaction costs are expensed to profit or loss immediately.

Page 12

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial Instruments (Continued)

(I) Classification and Subsequent Measurement

Financial instruments are subsequently measured at fair value, amortised cost using the effective interest rate method, or cost.

Amortised cost is calculated as:

- (a) the amount in which the financial asset or financial liability is measured at initial recognition;
- (b) less principal repayments and any reduction for impairment; and

(c) plus or minus the cumulative amortisation of the difference, if any, between the amount initially recognised and the maturity amount calculated using the effective interest rate method.

The effective interest method is used to allocate interest income or interest expense over the relevant period and is equivalent to the rate that discounts estimated future cash payments or receipts (including fees, transaction costs and other premiums or discounts) through the expected life (or when this cannot be reliably predicted, the contractual term) of the financial instrument to the net carrying amount of the financial asset or financial liability. Revisions to expected future net cash flows will necessitate an adjustment to the carrying value with a consequential recognition of an income or expense in profit or loss.

(i) Financial assets at fair value through profit and loss

Financial assets are classified at "fair value through profit or loss" when they are held for trading for the purpose of short term profit taking. Assets in this category are classified as current assets. Such assets are subsequently measured at fair value with changes in amortised cost. Gains or losses are recognised in profit or loss.

(ii) Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and are subsequently measured at amortised cost. Gains or losses are recognised in profit or loss.

Loans and receivables are included in current assets where they are expected to mature within 12 months after the end of the reporting period.

(iii) Held-to-maturity investments

Held-to-maturity investments are non-derivative financial assets with fixed maturities and fixed or determinable payments that the Shire management has the positive intention and ability to hold maturity. They are subsequently measured at amortised cost. Gains or losses are recognised in profit or loss.

Held-to-maturity investments are included in current assets where they are expected to mature within 12 months after the end of the reporting period. All other investments are classified as non-current.

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(I) Financial Instruments (Continued)

(iv) Available-for-sale financial assets

Available-for-sale financial assets are non-derivative financial assets that are either not suitable to be classified into other categories of financial assets due to their nature, or they are designated as such by management. They comprise investments in the equity of other entities where there is neither a fixed maturity nor fixed or determinable payments.

They are subsequently measured at fair value with changes in such fair value (i.e. gains or losses) recognised in other comprehensive income (except for impairment losses). When the financial asset is derecognised, the cumulative gain or loss pertaining to that asset previously recognised in other comprehensive income is reclassified into profit or loss.

Available-for-sale financial assets are included in current assets, where they are expected to be sold within 12 months after the end of the reporting period. All other available for sale financial assets are classified as non-current.

(v) Financial liabilities

Non-derivative financial liabilities (excl. financial guarantees) are subsequently measured at amortised cost. Gains or losses are recognised in the profit or loss.

Impairment

A financial asset is deemed to be impaired if, and only if, there is objective evidence of impairment as a result of one or more events (a "loss event") having occurred, which has an impact on the estimated future cash flows of the financial asset(s).

In the case of available-for-sale financial assets, a significant or prolonged decline in the market value of the instrument is considered a loss event. Impairment losses are recognised in profit or loss immediately. Also, any cumulative decline in fair value previously recognised in other comprehensive income is reclassified to profit or loss at this point.

In the case of financial assets carried at amortised cost, loss events may include: indications that the debtors or a group of debtors are experiencing significant financial difficulty, default or delinquency in interest or principal payments; indications that they will enter bankruptcy or other financial reorganisation; and changes in arrears or economic conditions that correlate with defaults.

For financial assets carried at amortised cost (including loans and receivables), a separate allowance account is used to reduce the carrying amount of financial assets impaired by credit losses. After having taken all possible measures of recovery, if management establishes that the carrying amount cannot be recovered by any means, at that point the written-off amounts are charged to the allowance account or the carrying amount of impaired financial assets is reduced directly if no impairment amount was previously recognised in the allowance account.

Derecognition

Financial assets are derecognised where the contractual rights for receipt of cash flows expire or the asset is transferred to another party, whereby the Shire no longer has any significant continual involvement in the risks and benefits associated with the asset.

Page 14

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(I) Financial Instruments (Continued)

Financial liabilities are derecognised where the related obligations are discharged, cancelled or expired. The difference between the carrying amount of the financial liability extinguished or transferred to another party and the fair value of the consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

(m) Impairment of Assets

In accordance with Australian Accounting Standards the Shire assets, other than inventories, are assessed at each reporting date to determine whether there is any indication they may be impaired.

Where such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, to the asset's carrying amount.

Any excess of the asset's carrying amount over its recoverable amount is recognised immediately in profit or loss, unless the asset is carried at a revalued amount in accordance with another standard (e.g. AASB 116) whereby any impairment loss of a revaluation decrease in accordance with that other standard.

For non-cash generating assets such as roads, drains, public buildings and the like, value in use is represented by the depreciated replacement cost of the asset.

At the time of adopting this budget, it is not possible to estimate the amount of impairment losses (if any) as at 30 June 2017.

In any event, an impairment loss is a non-cash transaction and consequently, has no impact on this budget document.

(n) Trade and Other Payables

Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the financial tear that are unpaid and arise when the Shire becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition.

Employee Benefits

(o) Short-Term Employee Benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

Page 15

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(o) Employee Benefits (continued)

The Shire obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the statement of financial position. The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the statement of financial position.

Other Long-Term Employee Benefits

Provision is made for employees' long service leave and annual leave entitlements not expected to be settled wholly within 12 months after the end of the annual reporting period in which the employees render the related service. Other long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations or service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur.

The Shire's obligations for long-term employee benefits are presented as non-current provisions in its settlement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

(p) Borrowing Costs

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset until such time as the asset is substantially ready for its intended use or sale.

(q) Provisions

Provisions are recognised when the Shire has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

(r) Leases

Leases of fixed assets where substantially all the risks and benefits incidental to the ownership of the asset, but not legal ownership, are transferred to the Shire, are classified as finance leases.

Finance leases are capitalised recording an asset and a liability at the lower amounts equal to the fair value of the leased property or the present value of the minimum lease payments, including any guaranteed residual values. Lease payments are allocated between the reduction of the lease liability and the lease interest expense for the period.

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(r) Leases (continued)

Leased assets are depreciated on a straight life basis over the shorter of their estimated useful lives or the lease term.

Lease payments for operating leases, where substantially all the risks and benefits remain with the lessor, are charged as expenses in the periods in which they are incurred.

Lease incentives under operating leases are recognised as a liability and amortised on a straight line basis over the life of the lease term.

(s) Interests in Joint Arrangements

Joint arrangements represent the contractual sharing of control between parties in a business venture where unanimous decisions about relevant activities are required.

Separate joint venture entities providing joint venturers with an interest to net assets are classified as a joint venture and accounted for using the equity method. Refer to note 1(o) for a description of the equity method of accounting.

Joint venture operations represent arrangements whereby joint operators maintain direct interests in each asset and exposure to each liability of the arrangement. The Shire's interests in the assets, liabilities, revenue and expenses of joint operations are included in the respective line items of the financial statements. Information about the joint ventures is set out in Note 19.

(t) Current and Non-Current Classification

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Shire's operational cycle. In the case of liabilities where the Shire does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current even if not expected to be realised in the next 12 months except for land held for sale where it is held as non-current based on the Shire's intentions to release for sale.

(u) Comparative Figures

Where required, comparative figures have been adjusted to conform with changes in presentation for the current budget year.

(v) Budget Comparative Figures

Unless otherwise stated, the budget comparative figures shown in this budget document relate to the original budget estimate for the relevant item of disclosure.

2. REVENUES AND EXPENSES (Continued)

(b) Statement of Objective

In order to discharge its responsibilities to the community, Council has developed a set of operational and financial objectives. These objectives have been established both on an overall basis, reflected by the Shire's Community Vision, and for each of its broad activities/programs. Council operations as disclosed in this financial report encompasses the following service orientated programs which it has established.

GOVERNANCE

Objective: To provide a decision making process for the efficient allocation of resources

Activities: Administration and operation of facilities and services to members of council; Other costs that relate he tasks of assisting elected members and ratepayers on matters not concerning specific council services

GENERAL PURPOSE FUNDING

Objective: To collect revenue to allow for the provision of services

Activities: Rates, general purpose government grants and interest revenue

LAW, ORDER, PUBLIC SAFETY

Objective: To provide services to help ensure a safer community

Activities: Supervision of various by-laws, fire prevention, emergency services and animal control.

HEALTH

Objective: To assess and manage risks to public health and create and maintain environments that promote good public health

Activities: Food safety, traders permits, septics approvals, analysis of drinking water, public pool safety, monitoring and control of mosquitos, noise - dust or odour complaints, public building inspections, Environmental Health support to Aboriginal communities, provision of public information on issues such as asbestos, mosquitos, food hygiene

EDUCATION AND WELFARE

Objective: To meet the needs of the community in these areas

Activities: Donations to schools and assistance to welfare groups. Provision of Youth Services.

HOUSING

Objective: To manage housing

Activities: Maintenance of staff and rental housing

COMMUNITY AMENITIES

Objective: Provide services required by the community

Activities: Rates, general purpose government grants and interest revenue

Activities: Rubbish collections, refuse site operations, litter control, administration of the town planning scheme, cemetery operations, public toilet facilities and protection of the environment.

RECREATION AND CULTURE

Objective: To establish and manage efficiently infrastructure and resources which will help the social well being of the community

Activities: Maintenance of Halls, swimming pools (Tom Price, Onslow, Pannawonica & Paraburdoo), sporting facilities, parks & associated facilities, provision of library services.

TRANSPORT

Objective: To provide effective and efficient transport services to the community

Activities: Construction and maintenance of streets, roads, bridges, footpaths; street lighting, traffic management and airport. Purchase and disposal of Council's Road Plant.

ECONOMIC SERVICES

Objective: To help promote the Shire and improve its economic wellbeing

Activities: Building control, management of tourist bureau, tourism and area promotion and land development.

OTHER PROPERTY & SERVICES

Objective: To provide support services for works and plant operations and to account for the alteration of costs to the attributable program.

Activities: Private works operations, plant repairs and operation costs, stock and materials, salaries and wages of council employees.

3. NOTES TO THE STATEMENT OF CASH FLOWS

(a) Reconciliation of Cash

For the purposes of the statement of cash flows, cash includes cash and cash equivalents, net of outstanding bank overdrafts. Estimated cash at the end of the reporting period is as follows:

	2017/18 Budget \$	2016/17 Actual \$	2016/17 Budget \$
Cash - unrestricted	803,085	8,681,151	6,760,403
Cash - restricted	37,569,735	35,747,812	17,950,538
	38,372,820	44,428,963	24,710,941

The following restrictions have been imposed by regulation or other externally imposed requirements:

	Employee Benefits Reserve	1,078,006	330,265	331,640
	Financial Risk Reserve	6,500,000	0	0
	Future Projects Reserve	4,252,076	3,668,620	2,083,247

Loan 121 New Staff Housing	29/04/2011	363,578	0	363,578	0

NB: The unspent loan funds above are being held in the Housing Reserve as at 30 June 2017.

(d) Overdraft

Council has not utilised an overdraft facility during the financial year although an overdraft facility of \$500,000 with the Westpac Bank does exist. It is not expected that this facility will be utilised during 2017/18. It is the intention of Council to cease the facility in 2017/18.

(e) Credit Card Facility

Council's Credit Card Facility with Westpac Bank remains unchanged at \$65,000. It is expected the current credit limit of \$65,000 will remain unchanged during 2017/18 financial year.

All land except exempt land in the Shire of Ashburton is rated according to its Gross Rental Value (GRV) in townsites or Unimproved Value (UV) in the remainder of the Shire.

The general rates detailed above for the 2017/18 financial year have been determined by Council on the basis of raising the revenue required to meet the deficiency between the total estimated expenditure proposed in the budget and the estimated revenue to be received from all sources other than rates and also considering the extent of any increase in rating over the level adopted in the previous year.

The minimum rates have been determined by Council on the basis that all ratepayers must make a reasonable contribution to the cost of the Local Government services/facilities.

8(a). RATING INFORMATION - 2017/18 FINANCIAL YEAR (Continued)

OBJECTS and REASONS DIFFERENTIAL RATES 2017/18

NOTICE OF INTENTION TO LEVY DIFFERENTIAL RATES 2017/18

The Shire of Ashburton Notice of Intention to Levy Differential Rates 2017/18 was advertised on 29 July 2017 in accordance with Section 6.36 of the Local Government Act 1995 to advise the public of its objectives and reasons for implementing differential rates.

The purpose of levying of property rates is to meet Council's budget requirements in each financial year and in future periods, to deliver services, facilities and community infrastructure to the district as a whole. Property valuations provided by the Valuer General (Landgate) are used as the basis for the calculation of rates each year.

Section 6.36 of the Local Government Act provides the ability to differentially rate properties based on certain characteristics. The application of differential rating maintains equity in the rating of properties across the Shire, enabling the Council to provide facilities, services and infrastructure to the entire community and visitors to the area.

One submission was received and considered at Council's Special meeting held on 21 August 2017. The advertised rates in the dollar were altered at that meeting as a result of multiple factors including overall rates yield, inflationary expectations, comparability to Pilbara regional Councils proposed increases and the adopted percentage increase to Council's Fees and Charges.

The Table below summaries the rates in the dollar used in the 2017/18 Budget.

Differential Rates 2017/18

GRV - Differential Rates

The Council intends to adopt differential rating principles for GRV category properties based upon the land use as follows:

Differential Rate Category	Rate in the \$	General Minimum Payment \$
GRV Commercial/Industrial	0.051954	1037.50

This rate is applicable to properties that have a predominant land use of commercial or industrial, including Hotels, Shops, Restaurants and Offices and land is used for providing a tourism service, including Roadhouses, Tourist Centres, Caravan Parks, Workers Accommodation, and Holiday Accommodation.

Objects and Reasons - GRV Commercial/Industrial Differential Rate

The reason a higher rate has been applied to the GRV Commercial/Industrial category land is to reflect the additional financial impact these activities have on Shire infrastructure and services.

The objective is to raise additional revenue to contribute toward higher costs associated including, but not limited to, rubbish collection in relevant areas, higher town planning control costs, health inspections and administration costs, added complexity in building control, higher traffic volumes and vehicle mass due to commercial and industrial activity, parking facilities, traffic management, pedestrian access, commercial and industrial signage, visitor servicing and street furniture.

8. RATING INFORMATION - 2017/18 FINANCIAL YEAR (Continued)

OBJECTS and REASONS DIFFERENTIAL RATES 2016/17 (Continued)

GROSS RENTAL VALUES (GRV) (Continued)

		General Minimum	Lesser Minimum
Differential Rate Category	Rate in the \$	Payment \$	Payment \$
GRV Residential/Community	0.051853	830.00	622.50

This rate is applicable to properties that have a predominant land use of residential, or used by organisations involved in activities for community benefit including Arts and Craft facilities, Youth Centres, Day Care Centres, Sporting Grounds/Clubs (that do not run a commercial business/kitchen) and health & emergency service facilities.

Objects and Reasons - GRV Residential/Community Differential Rate

The reason the GRV Residential/Community rate has been applied at a lower rate than GRV Commercial/Industrial rate is to reflect the additional financial impact commercial and industrial activities have on the Shire's infrastructure and services (as set out above) and to further the Shire's strategic goals to encourage and support residential development in the town sites and organisations that contribute toward a safe, healthy, cohesive and vibrant community.

UNIMPROVED VALUES (UV)

The Council intends to adopt differential rating principles for UV category properties based upon the land use of each property as follows:

	Rate	General Minimum Payment
Differential Rate Category	in the \$	\$
UV Mining/Industrial	0.382467	1037.50

This rate is applicable to properties with a land use associated with mining tenements (including Exploration Licences, General Purpose Leases, Mineral Leases, Mining Leases, Petroleum Exploration Permits, Petroleum Production Licences) and for Commercial/Industrial properties with a mining purpose/mining infrastructure predominate use (including crown leases).

Objects and Reasons - UV Mining/Industrial Differential Rate

The reason a higher rate has been applied to the UV Mining/Industrial category land is to reflect the additional financial impact mining and related industries have on Shire infrastructure and services relevant to Pastoral and remote Tourism properties.

The objective is to raise a higher level of rate revenue from mining and related infrastructure properties than from other UV category properties to contribute toward current and future costs associated with the provision of civil infrastructure for services and facilities including, but not limited to, transport, recreation, community and leisure facilities, waste management and planning and development costs.

Differential Rate Category	Rate in the \$	General Minimum Payment \$
UV Pastoral	0.060154	1037.50

This rate is applicable to all land use types with an improved valuation other than those categorised as Mining/Industrial including the following: (i) Properties issued with pastoral leases granted by the State Government.

Objects and Reasons - UV General Differential Rate

The reason for a lower rate applied to the UV Pastoral category, as compared to UV Mining/Industrial, is to recognise the fluctuations in climatic conditions on the financial capacity to pay; the lower level of impact Pastoral activities have on general infrastructure and facilities including road infrastructure, recreation facilities and the permanent nature of the business activity relevant to mining and related industry.

The objective is to raise less revenue from UV Pastoral properties than Mining/Industrial with the same valuation, than would otherwise be the case under a

Page 28

8. RATING INFORMATION - 2017/18 FINANCIAL YEAR (Continued)

OBJECTS and REASONS DIFFERENTIAL RATES 2016/17 (Continued)

Differential Rate Category	Rate in the \$	General Minimum Payment \$
UV Tourism	0.162455	0.00

This rate is applicable to all land use types with an improved valuation other than those categorised as Mining/Industrial including the following: (i) Properties with Tourism activity providing a tourism service, including Caravan Parks and Holiday Accommodation.

Objects and Reasons - UV General Differential Rate

The reason for a lower rate applied to the UV Tourism category, as compared to UV Mining/Industrial, is to reflect the lower level of impact these activities have on general infrastructure and facilities including road infrastructure, recreation facilities and the permanent nature of the business activity relevant to mining and related industry.

The reason for a higher rate applied to the UV Tourism category as compared to UV Pastoral is to achieve an average rate yield more comparable to other Tourism properties with a GRV valuation.

The objective is to raise less revenue from UV TourismI properties than Mining/Industrial with the same valuation, than would otherwise be the case under a uniform rate in the valuation dollar.

Minimum Payments

Applying a minimum payment seeks to ensure all ratepayers contribute to basic services and facilities and Council has determined two levels of General minimums and one Lesser minimum.

General Minimum Payments

A General minimum of \$830.00 has been applied to properties in the GRV Residential/Community.

This represents the second stage of a 5 years phasing process after Council adopted a minimum rate calculation methodology.

Another General minimum of \$1037.50 has been set for GRV Commercial/Industrial, UV General and UV Mining/Industrial areas to raise additional revenue to contribute toward higher costs associated including, but not limited to, rubbish collection in relevant areas, higher town planning control costs, health inspections and administration costs, added complexity in building control, higher traffic volumes and vehicle mass due to commercial and industrial activity, parking facilities, traffic management, pedestrian access, commercial and industrial signage, visitor servicing and street furniture.

This is at a 25% premium to GRV Residential/Community rate.

Lesser Minimum Payment

A Lesser minimum of \$622.50 has been set for Wittenoom properties to reflect some of special circumstances attributable to Wittenoom properties to do with the status of the townsite (i.e. degazetteal). This is at a 25% discount to GRV Residential/Community rate.

In accordance with council resolutions in relation to each reserve account, the purpose for which the reserves are set aside are as follows:

Purpose of the reserve

Employee Entitlement Reserve

Financial Risk Reserve

- Future Projects Reserve Housing Reserve Infrastructure Reserve Joint Venture Housing Reserve Onslow Admin. Bldg. Reserve Onslow Aerodrome Reserve Onslow Community Infra. Reserve Plant Replacement Reserve
- To contribute towards funding the Council's liability for payments of employee benefits owing to staff and taken as leave or paid upon termination of their employment.

- To provide funds to mitigate against Financial Risks including legal cases with penalties awarded against the Shire, SAT rulings upholding valuation objections on high value properties likely to cause significantly large refunds and other unknown events potentially resulting in financial loss the the Shire.

- To provide funds for Future Capital Projects determined in the Long Term Financial Plan.
- To provide funds to assist the Council to maintain and improve Council housing stock in accordance with the Housing Asset Management Plan.
- To provide funds for provision and maintenance of new and existing infrastructure assets (Including Buildings) throughout the Shire.
 - To provide funds for repairs and maintenance in compliance with Joint Venture Housing Agreements.
 - To provide funds to assist Council in building the new Onslow Administration Building.
 - To provide funds for the upgrading and modifications to the Onslow Aerodrome.
- To provide funds for the development of community facilities in Onslow.

- To provide an optimum level of cash reserves for funding the Council heavy machinery replacement program on a five year rolling basis.

9. CASH BACKED RESERVES (Continued)

Property Development Reserve	- To provide funds to assist the Council in purchasing, developing and selling property to stimulate economic development.
RTIO Partnership Reserve	- For the purpose of funding the projects and programs associated with partnership agreements between the Shire of Ashburton and Rio Tinto (RTIO).
Tom Price Administration Building	- To provide funds for a replacement Tom Price Administration Building.
Reserve	
Unspent Grants Reserve	- To preserve unspent Grant and ongoing Capital works Funds.
Waste Services Reserves	- To provide funds for the upgrading and modifications to Waste Facilities within the Shire.

The reserves are not expected to be fully utilised within a set period. It is the Shire's intention to utilise the Funds held in the above mentioned Reserves for the purposes of not utilising external overdraft facilities for short periods from time to time during the financial year. The benefit to the Shire is that financing cost are reduced by minimising the use of overdraft facilities. This advice is provided in the budget pursuant to section 6.11(3) of the Local Government Act 1995.

10. SPECIFIED AREA RATE - 2017/18 FINANCIAL YEAR

No specified area rate is levied by Council.

11. SERVICE CHARGES - 2017/18 FINANCIAL YEAR

The following Services charges are budgeted to be raised in 2017/18

Pilbara Undergrou	und Power Project	Amount of Charge \$	2017/18 Budgeted Revenue \$	Budget Amount to be Applied to Costs \$	Budget Amount to be Set Aside to Reserve \$
Residential	Full Overhead	525.41	68,066	68,066	0

Commercial	Full Overhead	1,576.24	0	0	0
Mixed Use	Consumer Mains Underground	1,352.94	0	0	0
	Transformer or Vacant Connection	1,260.99	15,915	15,915	0
	Base Rate - Street already underground	210.16	6,830	6,830	0
Industrial	Full Overhead	3,021.12	0	0	0
	Consumer Mains Underground	2,797.82	0	0	0
	Transformer or Vacant Connection	2,705.87	0	0	0
	Base Rate - Street already underground	2,600.79	90,890	90,890	0
			221,222	221,222	0

* Pensioners will receive a 50% discount on the rates shown above.

The Shire of Ashburton introduced a service charge for the 2017/18 financial year in relation to the Pilbara Underground Power Project.

The Project is for the town of Onslow to dramatically reduce the likelihood of power outages to essential services immediately following adverse weather events. The project is a partnership between the State Government's Royalties for Regions initiative and Local Government. Due to the support of the Royalties for Regions program the project only requires a local 25% contribution to the overall cost of the project. Landowners contribution will be 10% or approximately \$800,000. This is funded by a low interest loan budgeted for in the 2017/18 financial year. Landowners will then pay their portion over four years via this service charge.

The funding model for landowners has been developed based on the type of existing connection to it. A property with 'full overhead power' including the connection to the meter box will be charged slightly more than a property that already has underground power from the street to the house.

There is no intention to set aside funds to a Reserve account as the full amount will be applied in the 2017/18 financial year. Should the service charge funds not be applied in the 2017/18 financial year unspent amounts will be set aside in a Reserve account specifically for the purpose.

The service charge will be levied in addition to the annual rates charges and an instalment option will apply as per Rates instalment dates included in Note 13.

Page 32

17. MAJOR LAND TRANSACTIONS

It is not anticipated any major land transactions will occur in 2017/18.

18. TRADING UNDERTAKINGS AND MAJOR TRADING UNDERTAKINGS

Onslow Aerodrome

Councils objective is to maintain a safe landing airstrip and functional airport amenities conducive to the promotion of the district as a tourist and business destination.

Operating costs are met by landing fees charged. Annual surpluses are transferred to a cash reserve to finance future improvements to the facility.
